NOTE Confidence: 0.904641167142857

00:00:06.170 --> 00:00:08.290 So good afternoon, everybody.

NOTE Confidence: 0.904641167142857

00:00:08.290 --> 00:00:11.233 Welcome to the. Grand rounds for.

NOTE Confidence: 0.904641167142857

00:00:11.233 --> 00:00:13.488 Can't steal Cancer Center in

NOTE Confidence: 0.904641167142857

00:00:13.488 --> 00:00:15.599 Smilow Cancer Hospital today.

NOTE Confidence: 0.904641167142857

00:00:15.600 --> 00:00:17.634 As you know, it's really a

NOTE Confidence: 0.904641167142857

00:00:17.634 --> 00:00:18.990 reflection from the director

NOTE Confidence: 0.904641167142857

00:00:19.057 --> 00:00:20.654 on the state of the things.

NOTE Confidence: 0.904641167142857

00:00:20.654 --> 00:00:22.350 Essentially looking back at

NOTE Confidence: 0.904641167142857

00:00:22.350 --> 00:00:24.046 what we have accomplished,

NOTE Confidence: 0.904641167142857

00:00:24.050 --> 00:00:27.746 but also looking ahead for the next year.

NOTE Confidence: 0.904641167142857

00:00:27.750 --> 00:00:28.420 Next slide.

NOTE Confidence: 0.92371523

00:00:30.980 --> 00:00:32.788 OK, I think everybody knows who I am.

NOTE Confidence: 0.92371523

00:00:32.790 --> 00:00:35.198 At this point I've been serving as

NOTE Confidence: 0.92371523

00:00:35.198 --> 00:00:37.091 your interim Cancer Center director

NOTE Confidence: 0.92371523

00:00:37.091 --> 00:00:40.005 since March 1st and really has been a

NOTE Confidence: 0.92371523

00:00:40.005 --> 00:00:43.030 privilege and a pleasure to get to know

NOTE Confidence: 0.92371523

00:00:43.030 --> 00:00:45.472 this wonderful Community in more detail.

NOTE Confidence: 0.92371523

00:00:45.480 --> 00:00:48.690 Over the past few months next.

NOTE Confidence: 0.92371523

00:00:48.690 --> 00:00:51.237 Slide and I think the other point is of

NOTE Confidence: 0.92371523

00:00:51.237 --> 00:00:53.798 course we're in this state of anticipation,

NOTE Confidence: 0.92371523

00:00:53.800 --> 00:00:55.480 but mixed in with a little

NOTE Confidence: 0.92371523

00:00:55.480 --> 00:00:57.039 bit of I would say.

NOTE Confidence: 0.92371523

00:00:57.039 --> 00:00:58.704 Also you know what's coming,

NOTE Confidence: 0.92371523

00:00:58.710 --> 00:01:02.373 and I think everyone seen and met with Eric.

NOTE Confidence: 0.92371523

00:01:02.380 --> 00:01:03.076 And if you haven't,

NOTE Confidence: 0.92371523

00:01:03.076 --> 00:01:04.420 I know you're in for a treat.

NOTE Confidence: 0.92371523

00:01:04.420 --> 00:01:06.611 He was in our network committee meeting

NOTE Confidence: 0.92371523

00:01:06.611 --> 00:01:08.572 this morning and a wonderful human

NOTE Confidence: 0.92371523

00:01:08.572 --> 00:01:10.805 being and just couldn't be more excited

NOTE Confidence: 0.92371523

00:01:10.866 --> 00:01:12.938 that we've been able to recruit Eric,

NOTE Confidence: 0.92371523

00:01:12.940 --> 00:01:15.190 who as you know, is a former Yale alumni

NOTE Confidence: 0.92371523

00:01:15.190 --> 00:01:17.318 and will be joining us February 1st.

NOTE Confidence: 0.92371523

00:01:17.320 --> 00:01:17.986 But as.

NOTE Confidence: 0.92371523

00:01:17.986 --> 00:01:20.317 He has learned has been already a

NOTE Confidence: 0.92371523

00:01:20.317 --> 00:01:22.748 part and parcel of our community.

NOTE Confidence: 0.92371523

00:01:22.750 --> 00:01:24.605 As soon as you sign the job,

NOTE Confidence: 0.92371523

00:01:24.610 --> 00:01:25.970 you start to become involved,

NOTE Confidence: 0.92371523

00:01:25.970 --> 00:01:28.098 so we've been really excited to have

NOTE Confidence: 0.92371523

00:01:28.098 --> 00:01:30.528 Eric be a part of our community.

NOTE Confidence: 0.92371523

00:01:30.530 --> 00:01:32.230 Next slide.

NOTE Confidence: 0.92371523

00:01:32.230 --> 00:01:35.152 OK, so as we talk about sort of

NOTE Confidence: 0.92371523

00:01:35.152 --> 00:01:36.968 our Cancer Center and in Renee,

NOTE Confidence: 0.92371523

00:01:36.970 --> 00:01:39.660 you put the I guess, the.

NOTE Confidence: 0.92371523

00:01:39.660 --> 00:01:40.350 Can be code.

NOTE Confidence: 0.92371523

00:01:40.350 --> 00:01:41.960 I think it's helpful for maybe my

NOTE Confidence: 0.92371523

00:01:42.013 --> 00:01:43.263 perspective and maybe for those

NOTE Confidence: 0.92371523

00:01:43.263 --> 00:01:45.427 of you who are new and some of you

NOTE Confidence: 0.92371523

00:01:45.427 --> 00:01:47.173 may be who've been here for awhile.

NOTE Confidence: 0.92371523

00:01:47.173 --> 00:01:49.773 It's helpful to look at maybe

NOTE Confidence: 0.92371523

00:01:49.773 --> 00:01:51.438 how fast we have grown,

NOTE Confidence: 0.92371523

00:01:51.440 --> 00:01:52.435 and I think sometimes when

NOTE Confidence: 0.92371523

00:01:52.435 --> 00:01:53.600 you're in the midst of it,

NOTE Confidence: 0.92371523

00:01:53.600 --> 00:01:57.100 you forget how much we have done

NOTE Confidence: 0.92371523

00:01:57.100 --> 00:01:58.998 so you know just a little history.

NOTE Confidence: 0.92371523

00:01:59.000 --> 00:01:59.566 Lesson 1974.

NOTE Confidence: 0.92371523

00:01:59.566 --> 00:02:01.264 We started the Yale Cancer Center

NOTE Confidence: 0.92371523

00:02:01.264 --> 00:02:03.440 as a comprehensive Cancer Center.

NOTE Confidence: 0.92371523

00:02:03.440 --> 00:02:05.460 It's 2010 when the Smilow

NOTE Confidence: 0.92371523

00:02:05.460 --> 00:02:07.076 Cancer Hospital was built,

NOTE Confidence: 0.92371523

00:02:07.080 --> 00:02:10.316 and then the network was launched only 2012.

NOTE Confidence: 0.92371523

00:02:10.316 --> 00:02:11.900 So it's really recent.

NOTE Confidence: 0.92371523

00:02:11.900 --> 00:02:14.516 And then if you see the Cancer Biology

NOTE Confidence: 0.92371523

00:02:14.516 --> 00:02:16.736 Institute open on best Campus in 2015

NOTE Confidence: 0.92371523

00:02:16.736 --> 00:02:21.339 or phase one unit in 2016 and then

NOTE Confidence: 0.92371523

00:02:21.339 --> 00:02:24.904 in 2018 as Doctor Fuchs was here,

NOTE Confidence: 0.92371523

00:02:24.904 --> 00:02:25.837 Charlie were here.

NOTE Confidence: 0.92371523

00:02:25.840 --> 00:02:28.402 We went through our renewal and had

NOTE Confidence: 0.92371523

00:02:28.402 --> 00:02:30.531 an outstanding score along with what

NOTE Confidence: 0.92371523

00:02:30.531 --> 00:02:33.220 is fabulous is to see an increase in

NOTE Confidence: 0.92371523

00:02:33.220 --> 00:02:35.450 our research funding and then as you

NOTE Confidence: 0.92371523

00:02:35.450 --> 00:02:37.460 look today in 2021 in between bipan

NOTE Confidence: 0.92371523

00:02:37.460 --> 00:02:39.960 through EMR in the midst of a pandemic.

NOTE Confidence: 0.92371523

00:02:39.960 --> 00:02:41.224 But I think it's.

NOTE Confidence: 0.92371523

00:02:41.224 --> 00:02:43.120 Helpful to look from our perspective

NOTE Confidence: 0.92371523

00:02:43.180 --> 00:02:45.164 of where we are in the red starts.

NOTE Confidence: 0.92371523

00:02:45.170 --> 00:02:48.114 For those of you who are aware or

NOTE Confidence: 0.92371523

00:02:48.114 --> 00:02:50.370 care centers and those are scattered

NOTE Confidence: 0.92371523

00:02:50.370 --> 00:02:52.270 around the state of Connecticut.

NOTE Confidence: 0.92371523

00:02:52.270 --> 00:02:54.355 B are fortunate that we're

NOTE Confidence: 0.92371523

00:02:54.355 --> 00:02:56.023 the only academic institution

NOTE Confidence: 0.92371523

00:02:56.023 --> 00:02:58.287 in the state of Connecticut.

NOTE Confidence: 0.92371523

00:02:58.290 --> 00:03:01.322 And then what many people would be would

NOTE Confidence: 0.92371523

00:03:01.322 --> 00:03:05.086 love to see as a distributed delivery system,

NOTE Confidence: 0.92371523

00:03:05.090 --> 00:03:05.921 which is here.

NOTE Confidence: 0.92371523

00:03:05.921 --> 00:03:07.860 As you can see it exists through

NOTE Confidence: 0.92371523

00:03:07.927 --> 00:03:10.405 Connecticut and also through Rhode Island,

NOTE Confidence: 0.92371523

00:03:10.410 --> 00:03:11.346 as are cited.

NOTE Confidence: 0.92371523

00:03:11.346 --> 00:03:11.970 Best really,

NOTE Confidence: 0.92371523

00:03:11.970 --> 00:03:13.830 this is something that's unique

NOTE Confidence: 0.92371523

00:03:13.830 --> 00:03:16.076 and it's built up very much

NOTE Confidence: 0.92371523

00:03:16.076 --> 00:03:17.626 in the last few years.

NOTE Confidence: 0.92371523

00:03:17.630 --> 00:03:19.178 I think it's growing pains and

NOTE Confidence: 0.92371523

00:03:19.178 --> 00:03:21.133 in some of the stuff that is

NOTE Confidence: 0.92371523

00:03:21.133 --> 00:03:22.568 ongoing now that you feel.

NOTE Confidence: 0.754928194

00:03:22.570 --> 00:03:24.991 But as Eric comes on as Doctor Brian comes

NOTE Confidence: 0.754928194

00:03:24.991 --> 00:03:26.788 on, I hope all of you will think around.

NOTE Confidence: 0.754928194

00:03:26.790 --> 00:03:29.166 How do we connect all of

NOTE Confidence: 0.754928194

00:03:29.166 --> 00:03:30.354 this pieces together?

NOTE Confidence: 0.754928194

00:03:30.360 --> 00:03:31.568 And if you go to the next slide,

NOTE Confidence: 0.754928194

00:03:31.570 --> 00:03:33.577 Renee think the way we think about it is

NOTE Confidence: 0.754928194

00:03:33.577 --> 00:03:35.926 we want to build an academic health system.

NOTE Confidence: 0.754928194

00:03:35.930 --> 00:03:40.000 If you put our. Or signage,

NOTE Confidence: 0.754928194

00:03:40.000 --> 00:03:42.640 whether we call it by nature or Yale

NOTE Confidence: 0.754928194

00:03:42.711 --> 00:03:44.980 or whatever it is, why do we do this?

NOTE Confidence: 0.754928194

00:03:44.980 --> 00:03:47.060 It is to deliver care to our patients

NOTE Confidence: 0.754928194

00:03:47.060 --> 00:03:49.000 and we are in academic system,

NOTE Confidence: 0.754928194

00:03:49.000 --> 00:03:50.850 which means we're teaching organization.

NOTE Confidence: 0.754928194

00:03:50.850 --> 00:03:53.466 It's part of our tripartite mission and that

NOTE Confidence: 0.754928194

00:03:53.466 --> 00:03:56.239 means how to be educate the next generation,

NOTE Confidence: 0.754928194

00:03:56.240 --> 00:03:58.490 whether it's trainees or nursing

NOTE Confidence: 0.754928194

00:03:58.490 --> 00:04:00.290 or the next generation.

NOTE Confidence: 0.754928194

00:04:00.290 --> 00:04:02.162 How do we take resources and

NOTE Confidence: 0.754928194

00:04:02.162 --> 00:04:03.410 improve our patient care?

NOTE Confidence: 0.754928194

00:04:03.410 --> 00:04:04.887 But it can't be done in silo,

NOTE Confidence: 0.754928194

00:04:04.890 --> 00:04:06.698 and especially as we look at the Cancer

NOTE Confidence: 0.754928194

00:04:06.698 --> 00:04:08.260 Center in the distributed nature,

NOTE Confidence: 0.754928194

00:04:08.260 --> 00:04:10.170 not only at the sites.

NOTE Confidence: 0.754928194

00:04:10.170 --> 00:04:11.502 But off the constituencies,

NOTE Confidence: 0.754928194

00:04:11.502 --> 00:04:13.500 how many folks are involved there?

NOTE Confidence: 0.754928194

00:04:13.500 --> 00:04:15.725 Roughly 300 members of the

NOTE Confidence: 0.754928194

00:04:15.725 --> 00:04:17.060 Yale Cancer Center.

NOTE Confidence: 0.754928194

00:04:17.060 --> 00:04:18.860 And then if you look at the number of

NOTE Confidence: 0.754928194

00:04:18.860 --> 00:04:20.554 people we look at our nursing or staff.

NOTE Confidence: 0.754928194

00:04:20.560 --> 00:04:23.467 It's 2000 people, so that's a lot of people,

NOTE Confidence: 0.754928194

00:04:23.470 --> 00:04:25.710 many departments, many sites,

NOTE Confidence: 0.754928194

00:04:25.710 --> 00:04:27.950 and that talks about.

NOTE Confidence: 0.754928194

00:04:27.950 --> 00:04:28.781 It's a great.

NOTE Confidence: 0.754928194

00:04:28.781 --> 00:04:30.166 It's great to see it,

NOTE Confidence: 0.754928194

00:04:30.170 --> 00:04:32.546 but then the day today can

NOTE Confidence: 0.754928194

00:04:32.546 --> 00:04:34.130 sometimes feel sometimes difficult,

NOTE Confidence: 0.754928194

00:04:34.130 --> 00:04:34.728 sometimes fabulous,

NOTE Confidence: 0.754928194

00:04:34.728 --> 00:04:36.821 but it all means that we have

NOTE Confidence: 0.754928194

00:04:36.821 --> 00:04:37.989 to work together.

NOTE Confidence: 0.754928194

00:04:37.990 --> 00:04:40.717 And this is just one quote from Helen Keller.

NOTE Confidence: 0.754928194

00:04:40.720 --> 00:04:41.404 In talking about,

NOTE Confidence: 0.754928194

00:04:41.404 --> 00:04:43.000 it means that we have to learn

NOTE Confidence: 0.754928194

00:04:43.056 --> 00:04:44.196 to work with each other.

NOTE Confidence: 0.754928194

00:04:44.200 --> 00:04:46.624 Think about how we what we do great

NOTE Confidence: 0.754928194

00:04:46.624 --> 00:04:48.420 and where we have opportunities

NOTE Confidence: 0.754928194

00:04:48.420 --> 00:04:50.646 and that I think is probably

NOTE Confidence: 0.754928194

00:04:50.646 --> 00:04:52.870 more telling today as we look in

NOTE Confidence: 0.754928194

00:04:52.870 --> 00:04:54.476 18 months into a pandemic,

NOTE Confidence: 0.754928194

00:04:54.476 --> 00:04:56.556 that some things work wonderfully.

NOTE Confidence: 0.754928194

00:04:56.560 --> 00:04:59.432 But some things we know are health systems

NOTE Confidence: 0.754928194

00:04:59.432 --> 00:05:02.050 could do so much better next slide.

NOTE Confidence: 0.754928194

00:05:02.050 --> 00:05:04.984 So if this is important also in terms of

NOTE Confidence: 0.754928194

00:05:04.984 --> 00:05:07.642 thinking about what we do and why we do it,

NOTE Confidence: 0.754928194

00:05:07.650 --> 00:05:09.486 is this is our vision statement.

NOTE Confidence: 0.754928194

00:05:09.490 --> 00:05:11.010 I think sometimes these

NOTE Confidence: 0.754928194

00:05:11.010 --> 00:05:12.910 are put in on websites,

NOTE Confidence: 0.754928194

00:05:12.910 --> 00:05:16.105 but I want to think about how we deliver.

NOTE Confidence: 0.754928194

00:05:16.110 --> 00:05:19.308 Care is as health care teams.

NOTE Confidence: 0.754928194

00:05:19.310 --> 00:05:21.814 We deliver care one patient at a time,

NOTE Confidence: 0.754928194

00:05:21.820 --> 00:05:23.040 not in the abstract.

NOTE Confidence: 0.754928194

00:05:23.040 --> 00:05:25.270 It's it's one patient at a time.

NOTE Confidence: 0.754928194

00:05:25.270 --> 00:05:27.734 What it and its each and every interaction.

NOTE Confidence: 0.754928194

00:05:27.740 --> 00:05:30.841 So when we talk about the tripartite

NOTE Confidence: 0.754928194

00:05:30.841 --> 00:05:32.290 mission research, education.

NOTE Confidence: 0.754928194

00:05:32.290 --> 00:05:34.530 Clinical innovation and then

NOTE Confidence: 0.754928194

00:05:34.530 --> 00:05:36.210 increasingly at community,

NOTE Confidence: 0.754928194

00:05:36.210 --> 00:05:38.185 it becomes very real in

NOTE Confidence: 0.754928194

00:05:38.185 --> 00:05:39.370 the patient interactions.

NOTE Confidence: 0.754928194

00:05:39.370 --> 00:05:41.230 Whether it happens at best early

NOTE Confidence: 0.754928194

00:05:41.230 --> 00:05:43.349 or enter enter or in New Haven.

NOTE Confidence: 0.754928194

00:05:43.350 --> 00:05:45.426 And how do you conceptualize and

NOTE Confidence: 0.754928194

00:05:45.426 --> 00:05:47.705 deliver all of this transformative

NOTE Confidence: 0.754928194

00:05:47.705 --> 00:05:49.349 transformational care?

NOTE Confidence: 0.754928194

00:05:49.350 --> 00:05:50.558 It's easy to save,

NOTE Confidence: 0.754928194

00:05:50.558 --> 00:05:53.180 and I'm talking about in a PowerPoint.

NOTE Confidence: 0.754928194

00:05:53.180 --> 00:05:55.286 But then it's the teams that put it together,

NOTE Confidence: 0.754928194

00:05:55.290 --> 00:05:57.740 and those teams include our nursing or

NOTE Confidence: 0.754928194

00:05:57.740 --> 00:06:00.268 residents or staff or clinical trial list,

NOTE Confidence: 0.754928194

00:06:00.270 --> 00:06:00.878 our leadership,

NOTE Confidence: 0.754928194

00:06:00.878 --> 00:06:01.486 or administrators.

NOTE Confidence: 0.754928194

00:06:01.486 --> 00:06:03.828 And then I think you get the soup

NOTE Confidence: 0.754928194

00:06:03.828 --> 00:06:05.220 of what we're trying to do.

NOTE Confidence: 0.754928194

00:06:05.220 --> 00:06:06.470 We're trying to make magic

NOTE Confidence: 0.754928194

00:06:06.470 --> 00:06:07.720 each and every day and

NOTE Confidence: 0.872470029375

00:06:07.780 --> 00:06:10.070 improve the lives of our patient. Next slide.

NOTE Confidence: 0.898601058181818

00:06:12.090 --> 00:06:14.520 OK, so when we look at this idea of

NOTE Confidence: 0.898601058181818

00:06:14.520 --> 00:06:16.700 what does the clinical care and of

NOTE Confidence: 0.898601058181818

00:06:16.700 --> 00:06:19.480 course we then use our SMILOW standards.

NOTE Confidence: 0.898601058181818

00:06:19.480 --> 00:06:22.018 The goals we would say is we want to

NOTE Confidence: 0.898601058181818

00:06:22.018 --> 00:06:24.290 deliver care that's easily accessible.

NOTE Confidence: 0.898601058181818

00:06:24.290 --> 00:06:25.952 So that means when we want

NOTE Confidence: 0.898601058181818

00:06:25.952 --> 00:06:26.783 the patient appointment,

NOTE Confidence: 0.898601058181818

00:06:26.790 --> 00:06:29.114 it's available to us as how you

NOTE Confidence: 0.898601058181818

00:06:29.114 --> 00:06:31.250 would want your family treated.

NOTE Confidence: 0.898601058181818

00:06:31.250 --> 00:06:33.560 I think the standards we hold for

NOTE Confidence: 0.898601058181818

00:06:33.560 --> 00:06:35.452 ourselves is that care is good

NOTE Confidence: 0.898601058181818

00:06:35.452 --> 00:06:37.835 in that can be defined as that it

NOTE Confidence: 0.898601058181818

00:06:37.835 --> 00:06:39.670 has good opinions or pathology,

NOTE Confidence: 0.898601058181818

00:06:39.670 --> 00:06:41.926 radiology, imaging those things.

NOTE Confidence: 0.898601058181818

00:06:41.926 --> 00:06:44.180 Matter, as it's been shown time

NOTE Confidence: 0.898601058181818

00:06:44.180 --> 00:06:46.500 and time again also means the clear

NOTE Confidence: 0.898601058181818

00:06:46.500 --> 00:06:48.125 delivery for a patient standpoint

NOTE Confidence: 0.898601058181818

00:06:48.125 --> 00:06:49.534 is multidisciplinary that the

NOTE Confidence: 0.898601058181818

00:06:49.534 --> 00:06:51.928 patient can see all the parts the

NOTE Confidence: 0.898601058181818

00:06:51.988 --> 00:06:54.040 specialists they need in a more

NOTE Confidence: 0.898601058181818

00:06:54.040 --> 00:06:55.727 streamlined rate rather than going

NOTE Confidence: 0.898601058181818

00:06:55.727 --> 00:06:57.629 in serial one after the other.

NOTE Confidence: 0.898601058181818

00:06:57.630 --> 00:06:59.770 That's not very patient centric,

NOTE Confidence: 0.898601058181818

00:06:59.770 --> 00:07:01.978 and of course we can use care pathways.

NOTE Confidence: 0.898601058181818

00:07:01.980 --> 00:07:03.450 We then need to focus about

NOTE Confidence: 0.898601058181818

00:07:03.450 --> 00:07:04.750 how to be improved care,

NOTE Confidence: 0.898601058181818

00:07:04.750 --> 00:07:06.910 but I think the other part and I want

NOTE Confidence: 0.898601058181818

00:07:06.910 --> 00:07:08.999 all of you to sort of take the you

NOTE Confidence: 0.898601058181818

00:07:08.999 --> 00:07:10.901 know as we think about this clearly,

NOTE Confidence: 0.898601058181818

00:07:10.901 --> 00:07:12.306 there's what we do today.

NOTE Confidence: 0.898601058181818

00:07:12.310 --> 00:07:14.302 But part of the mandate for

NOTE Confidence: 0.898601058181818

00:07:14.302 --> 00:07:16.305 academic health systems is how do

NOTE Confidence: 0.898601058181818

00:07:16.305 --> 00:07:18.147 we improve the care for tomorrow?

NOTE Confidence: 0.898601058181818

00:07:18.150 --> 00:07:19.990 And that means how do we take the,

NOTE Confidence: 0.898601058181818

00:07:19.990 --> 00:07:21.658 you know, the research,

NOTE Confidence: 0.898601058181818

00:07:21.658 --> 00:07:23.743 the quality to improve care,

NOTE Confidence: 0.898601058181818

00:07:23.750 --> 00:07:25.646 and I think you've seen that in the

NOTE Confidence: 0.898601058181818

00:07:25.646 --> 00:07:27.657 town halls that push that all of the

NOTE Confidence: 0.898601058181818

00:07:27.657 --> 00:07:29.269 teams come together to talk about,

NOTE Confidence: 0.898601058181818

00:07:29.270 --> 00:07:30.598 learn about each other.

NOTE Confidence: 0.898601058181818

00:07:30.598 --> 00:07:32.970 Whether it's how do our nursing teams

NOTE Confidence: 0.898601058181818

00:07:32.970 --> 00:07:35.189 interact and how do we deliver care?

NOTE Confidence: 0.898601058181818

00:07:35.190 --> 00:07:37.612 Or how is all this basic science

NOTE Confidence: 0.898601058181818

00:07:37.612 --> 00:07:39.630 related to something very granular?

NOTE Confidence: 0.898601058181818

00:07:39.630 --> 00:07:41.136 Like how do we deliver care

NOTE Confidence: 0.898601058181818

00:07:41.136 --> 00:07:42.340 to our patients sitting in?

NOTE Confidence: 0.898601058181818

00:07:42.340 --> 00:07:44.716 Front office, so this is the hard part,

NOTE Confidence: 0.898601058181818

00:07:44.720 --> 00:07:45.492 it's it's.

NOTE Confidence: 0.898601058181818

00:07:45.492 --> 00:07:47.036 It's why we're here,

NOTE Confidence: 0.898601058181818

00:07:47.040 --> 00:07:50.176 but it's also where we have to flex

NOTE Confidence: 0.898601058181818

00:07:50.176 --> 00:07:52.969 our muscles and work together next.

NOTE Confidence: 0.898601058181818

00:07:52.970 --> 00:07:54.574 Now as we look back in the year,

NOTE Confidence: 0.898601058181818

00:07:54.580 --> 00:07:57.050 it's been probably very much.

NOTE Confidence: 0.898601058181818

00:07:57.050 --> 00:07:58.424 I think sometimes we need to

NOTE Confidence: 0.898601058181818

00:07:58.424 --> 00:08:00.099 take a pause and breath and say

NOTE Confidence: 0.898601058181818

00:08:00.099 --> 00:08:01.274 how much have we done.

NOTE Confidence: 0.898601058181818

00:08:01.280 --> 00:08:03.317 We've done a lot and the fearless

NOTE Confidence: 0.898601058181818

00:08:03.317 --> 00:08:05.805 team you see on your left is our

NOTE Confidence: 0.898601058181818

00:08:05.805 --> 00:08:07.355 two leaders on our day-to-day

NOTE Confidence: 0.898601058181818

00:08:07.421 --> 00:08:09.509 clinical operations came Slusser,

NOTE Confidence: 0.898601058181818

00:08:09.510 --> 00:08:12.126 chief nursing Officer and Kevin Billingsley,

NOTE Confidence: 0.898601058181818

00:08:12.130 --> 00:08:14.699 who is our CMO and both of

NOTE Confidence: 0.898601058181818

00:08:14.699 --> 00:08:16.939 them have taken us on a lot.

NOTE Confidence: 0.898601058181818

00:08:16.940 --> 00:08:19.117 Whether it was through the pandemic and

NOTE Confidence: 0.898601058181818

00:08:19.117 --> 00:08:21.425 all the changes that happened and then

NOTE Confidence: 0.898601058181818

00:08:21.425 --> 00:08:23.740 how we regrouped and delivered care back.

NOTE Confidence: 0.898601058181818

00:08:23.740 --> 00:08:23.985 Again,

NOTE Confidence: 0.898601058181818

00:08:23.985 --> 00:08:25.700 and how we continue to do it.

NOTE Confidence: 0.898601058181818

00:08:25.700 --> 00:08:27.020 Of course I want to acknowledge

NOTE Confidence: 0.898601058181818

00:08:27.020 --> 00:08:28.454 that this year we went through

NOTE Confidence: 0.898601058181818

00:08:28.454 --> 00:08:29.966 magnet and that is really reflects

NOTE Confidence: 0.898601058181818

00:08:29.966 --> 00:08:31.525 the work of our nursing team and

NOTE Confidence: 0.898601058181818

00:08:31.525 --> 00:08:32.844 all the great work we do.

NOTE Confidence: 0.898601058181818

00:08:32.844 --> 00:08:35.276 I think as we look around all the

NOTE Confidence: 0.898601058181818

00:08:35.276 --> 00:08:37.559 teams and how this has been done,

NOTE Confidence: 0.898601058181818

00:08:37.560 --> 00:08:40.458 a lot of the stuff beyond re establishing

NOTE Confidence: 0.898601058181818

00:08:40.458 --> 00:08:42.850 care and I will say it's not all

NOTE Confidence: 0.898601058181818

00:08:42.921 --> 00:08:44.917 reestablishes where we expected.

NOTE Confidence: 0.898601058181818

00:08:44.920 --> 00:08:47.120 I think our bar has changed as we

NOTE Confidence: 0.898601058181818

00:08:47.120 --> 00:08:48.895 come back with all the changes

NOTE Confidence: 0.898601058181818

00:08:48.895 --> 00:08:50.623 of you know last year we

NOTE Confidence: 0.853748399

00:08:50.695 --> 00:08:53.117 moved from North Pavilion to SRC and

NOTE Confidence: 0.853748399

00:08:53.117 --> 00:08:55.800 clinics moved and then some came back.

NOTE Confidence: 0.853748399

00:08:55.800 --> 00:08:57.440 There's still some disruptions,

NOTE Confidence: 0.853748399

00:08:57.440 --> 00:08:59.140 but in the midst of it, we continue

NOTE Confidence: 0.853748399

00:08:59.140 --> 00:09:01.485 to train our nurses and our teams.

NOTE Confidence: 0.853748399

00:09:01.490 --> 00:09:04.486 We've continued to work on improving things,

NOTE Confidence: 0.853748399

00:09:04.490 --> 00:09:07.395 whether it's through this lean task project,

NOTE Confidence: 0.853748399

00:09:07.400 --> 00:09:09.700 for improving scheduling for infusions,

NOTE Confidence: 0.853748399

00:09:09.700 --> 00:09:12.060 launching patient experience forms,

NOTE Confidence: 0.853748399

00:09:12.060 --> 00:09:13.830 improving residency training,

NOTE Confidence: 0.853748399

00:09:13.830 --> 00:09:15.204 resident centered care,

NOTE Confidence: 0.853748399

00:09:15.204 --> 00:09:17.036 training for our teams,

NOTE Confidence: 0.853748399

00:09:17.040 --> 00:09:18.027 and then at the end of it,

NOTE Confidence: 0.853748399

00:09:18.030 --> 00:09:19.749 I think we have to think about how do

NOTE Confidence: 0.853748399

00:09:19.749 --> 00:09:21.469 we improve the patient experience.

NOTE Confidence: 0.853748399

00:09:21.470 --> 00:09:23.030 As you see this each team,

NOTE Confidence: 0.853748399

00:09:23.030 --> 00:09:24.670 and I'm not going to go through all of this,

NOTE Confidence: 0.853748399

00:09:24.670 --> 00:09:25.504 but each team.

NOTE Confidence: 0.853748399

00:09:25.504 --> 00:09:28.130 Has put in their goals for the next year.

NOTE Confidence: 0.853748399

00:09:28.130 --> 00:09:30.538 It is important for us to look back,

NOTE Confidence: 0.853748399

00:09:30.540 --> 00:09:31.780 acknowledge the hard work

NOTE Confidence: 0.853748399

00:09:31.780 --> 00:09:33.330 of each and every team,

NOTE Confidence: 0.853748399

00:09:33.330 --> 00:09:35.426 but also look ahead and say what do

NOTE Confidence: 0.853748399

00:09:35.426 --> 00:09:37.479 we want to do for the next year.

NOTE Confidence: 0.853748399

00:09:37.480 --> 00:09:38.580 And as you can see,

NOTE Confidence: 0.853748399

00:09:38.580 --> 00:09:41.415 they are obviously focused on many things.

NOTE Confidence: 0.853748399

00:09:41.420 --> 00:09:42.876 Certainly focusing on what

NOTE Confidence: 0.853748399

00:09:42.876 --> 00:09:44.696 is up front and centrals.

NOTE Confidence: 0.853748399

00:09:44.700 --> 00:09:47.616 How do we improve our recruitment

NOTE Confidence: 0.853748399

00:09:47.616 --> 00:09:49.074 and retention strategy?

NOTE Confidence: 0.853748399

00:09:49.080 --> 00:09:50.982 I think this is a nationwide

NOTE Confidence: 0.853748399

00:09:50.982 --> 00:09:51.933 but not phenomenal.

NOTE Confidence: 0.853748399

00:09:51.940 --> 00:09:53.564 It is most acute for health care

NOTE Confidence: 0.853748399

00:09:53.564 --> 00:09:55.133 as we're seeing that our teams

NOTE Confidence: 0.853748399

00:09:55.133 --> 00:09:56.493 that have worked through them.

NOTE Confidence: 0.853748399

00:09:56.500 --> 00:09:58.020 Pandemic we're seeing changes,

NOTE Confidence: 0.853748399

00:09:58.020 --> 00:10:00.690 so we need to think about how

NOTE Confidence: 0.853748399

00:10:00.690 --> 00:10:02.610 do we retain our best people.

NOTE Confidence: 0.853748399

00:10:02.610 --> 00:10:03.760 But there are other things.

NOTE Confidence: 0.853748399

00:10:03.760 --> 00:10:04.800 How do we improve care?

NOTE Confidence: 0.853748399

00:10:04.800 --> 00:10:06.942 How do we look at quality and

NOTE Confidence: 0.853748399

00:10:06.942 --> 00:10:08.560 morbidity and mortality conference?

NOTE Confidence: 0.853748399

00:10:08.560 --> 00:10:09.939 How do we look at our patient

NOTE Confidence: 0.853748399

00:10:09.939 --> 00:10:11.100 experience with our press Gainey,

NOTE Confidence: 0.853748399

00:10:11.100 --> 00:10:14.005 and enhance that and and this team

NOTE Confidence: 0.853748399

00:10:14.005 --> 00:10:17.016 you will see across is how do we

NOTE Confidence: 0.853748399

00:10:17.020 --> 00:10:19.396 think the Black Lives Matter engaged?

NOTE Confidence: 0.853748399

00:10:19.400 --> 00:10:21.318 All of the communities and we have

NOTE Confidence: 0.853748399

00:10:21.318 --> 00:10:22.855 been having a national conversation

NOTE Confidence: 0.853748399

00:10:22.855 --> 00:10:25.137 and that will be seen in the

NOTE Confidence: 0.853748399

00:10:25.137 --> 00:10:26.776 cancer domain so you can see.

NOTE Confidence: 0.853748399

00:10:26.780 --> 00:10:28.778 That they're focusing on culture engagement,

NOTE Confidence: 0.853748399

00:10:28.780 --> 00:10:31.240 and I this is looking inward,

NOTE Confidence: 0.853748399

00:10:31.240 --> 00:10:32.044 but also outward.

NOTE Confidence: 0.853748399

00:10:32.044 --> 00:10:33.920 We're going to have to do both,

NOTE Confidence: 0.853748399

00:10:33.920 --> 00:10:36.648 and this is the part that that this

NOTE Confidence: 0.853748399

00:10:36.648 --> 00:10:39.318 team is also looking next slide.

NOTE Confidence: 0.853748399

00:10:39.320 --> 00:10:40.732 So this just acknowledges,

NOTE Confidence: 0.853748399

00:10:40.732 --> 00:10:41.438 I think,

NOTE Confidence: 0.853748399

00:10:41.440 --> 00:10:44.640 the the all the arrows all it sees

NOTE Confidence: 0.853748399

00:10:44.640 --> 00:10:48.079 is all the stuff you all felt it.

NOTE Confidence: 0.853748399

00:10:48.080 --> 00:10:49.264 It was hard work.

NOTE Confidence: 0.853748399

00:10:49.264 --> 00:10:51.413 I think we can now smile and

NOTE Confidence: 0.853748399

00:10:51.413 --> 00:10:52.597 say it was great.

NOTE Confidence: 0.853748399

00:10:52.600 --> 00:10:54.973 I will still remember when we reopened

NOTE Confidence: 0.853748399

00:10:54.973 --> 00:10:56.841 the inner North pavilion floors

NOTE Confidence: 0.853748399

00:10:56.841 --> 00:10:59.193 and how much excitement there was.

NOTE Confidence: 0.853748399

00:10:59.200 --> 00:11:00.736 Unhappiness with our teams.

NOTE Confidence: 0.853748399

00:11:00.736 --> 00:11:04.139 But this kind of the chaos of this arrows

NOTE Confidence: 0.853748399

00:11:04.139 --> 00:11:06.890 reflect all the hard work you all did.

NOTE Confidence: 0.853748399

00:11:06.890 --> 00:11:08.318 I want to thank you all.

NOTE Confidence: 0.853748399

00:11:08.320 --> 00:11:10.010 I want you to acknowledge.

NOTE Confidence: 0.853748399

00:11:10.010 --> 00:11:11.425 Each and everyone of yourselves

NOTE Confidence: 0.853748399

00:11:11.425 --> 00:11:13.160 and Pat resolve on the back.

NOTE Confidence: 0.853748399

00:11:13.160 --> 00:11:14.344 It was hard work.

NOTE Confidence: 0.853748399

00:11:14.344 --> 00:11:16.940 Perhaps we never felt like we had a pause,

NOTE Confidence: 0.853748399

00:11:16.940 --> 00:11:18.686 because as soon as we moved,

NOTE Confidence: 0.853748399

00:11:18.690 --> 00:11:20.294 the work continued coming

NOTE Confidence: 0.853748399

00:11:20.294 --> 00:11:21.497 and continues coming.

NOTE Confidence: 0.853748399

00:11:21.500 --> 00:11:22.752 We're busier than ever,

NOTE Confidence: 0.853748399

00:11:22.752 --> 00:11:24.630 but I do think it's important

NOTE Confidence: 0.853748399

00:11:24.692 --> 00:11:26.106 for us to say we did it.

NOTE Confidence: 0.853748399

00:11:26.110 --> 00:11:27.946 We have that core and us,

NOTE Confidence: 0.853748399

00:11:27.950 --> 00:11:29.130 and as we look ahead,

NOTE Confidence: 0.853748399

00:11:29.130 --> 00:11:33.640 we have that ability in this next slide.

NOTE Confidence: 0.853748399

00:11:33.640 --> 00:11:33.956 However,

NOTE Confidence: 0.853748399

00:11:33.956 --> 00:11:36.800 things are not pristine and I want to be

NOTE Confidence: 0.897425928333333

00:11:36.868 --> 00:11:39.580 honest that it's things are still in flux.

NOTE Confidence: 0.897425928333333

00:11:39.580 --> 00:11:41.518 I've talked about the labor challenges.

NOTE Confidence: 0.897425928333333

00:11:41.520 --> 00:11:43.590 I think we are busy.

NOTE Confidence: 0.897425928333333

00:11:43.590 --> 00:11:45.948 If you don't see that, look at RED.

NOTE Confidence: 0.897425928333333

00:11:45.948 --> 00:11:47.196 It's always busy.

NOTE Confidence: 0.897425928333333

00:11:47.200 --> 00:11:49.300 Always about 60 to 80 patients

NOTE Confidence: 0.897425928333333

00:11:49.300 --> 00:11:51.218 waiting to be admitted and that

NOTE Confidence: 0.897425928333333

00:11:51.218 --> 00:11:53.031 means that are some of her places

NOTE Confidence: 0.897425928333333

00:11:53.031 --> 00:11:54.760 are not where we expect that.

NOTE Confidence: 0.897425928333333

00:11:54.760 --> 00:11:56.489 I'm not going to go through and

NOTE Confidence: 0.897425928333333

00:11:56.489 --> 00:11:58.109 reiterate all of the clinics that

NOTE Confidence: 0.897425928333333

00:11:58.109 --> 00:12:00.020 are probably still not where you all

NOTE Confidence: 0.897425928333333

00:12:00.079 --> 00:12:02.126 thought and perhaps some of that will

NOTE Confidence: 0.897425928333333

00:12:02.126 --> 00:12:04.300 mean that we may change overtime.

NOTE Confidence: 0.897425928333333

00:12:04.300 --> 00:12:05.780 That's not a good or a bad thing.

NOTE Confidence: 0.897425928333333

00:12:05.780 --> 00:12:07.178 It's how we look at it.

NOTE Confidence: 0.897425928333333

00:12:07.180 --> 00:12:08.374 I always see the glass is

NOTE Confidence: 0.897425928333333

00:12:08.374 --> 00:12:09.679 not half empty or half full.

NOTE Confidence: 0.897425928333333

00:12:09.680 --> 00:12:11.269 It's waiting for us to be filled

NOTE Confidence: 0.897425928333333

00:12:11.269 --> 00:12:13.138 with all the colors we want to see

NOTE Confidence: 0.897425928333333

00:12:13.138 --> 00:12:14.680 and the flavors we want to put.

NOTE Confidence: 0.897425928333333

00:12:14.680 --> 00:12:16.024 And that's what I want you

NOTE Confidence: 0.897425928333333

00:12:16.024 --> 00:12:16.920 to think about now.

NOTE Confidence: 0.897425928333333

00:12:16.920 --> 00:12:19.720 It does mean that spaces get type tight.

NOTE Confidence: 0.897425928333333

00:12:19.720 --> 00:12:21.012 We have to acknowledge

NOTE Confidence: 0.897425928333333

00:12:21.012 --> 00:12:22.304 that it's sometimes hard.

NOTE Confidence: 0.897425928333333

00:12:22.310 --> 00:12:24.330 It means that programmatic growth

NOTE Confidence: 0.897425928333333

00:12:24.330 --> 00:12:25.946 sometimes doesn't seem obvious

NOTE Confidence: 0.897425928333333

00:12:25.946 --> 00:12:28.039 or sometimes can be difficult.

NOTE Confidence: 0.897425928333333

00:12:28.040 --> 00:12:30.368 But I can guarantee you there's

NOTE Confidence: 0.897425928333333

00:12:30.368 --> 00:12:32.718 ingenuity and creativity in all of you.

NOTE Confidence: 0.897425928333333

00:12:32.720 --> 00:12:34.550 Whether it's the nursing team.

NOTE Confidence: 0.897425928333333

00:12:34.550 --> 00:12:36.250 Whether it's the trainees or

NOTE Confidence: 0.897425928333333

00:12:36.250 --> 00:12:37.610 whether it's the physicians,

NOTE Confidence: 0.897425928333333

00:12:37.610 --> 00:12:39.578 every one of us has that

NOTE Confidence: 0.897425928333333

00:12:39.578 --> 00:12:41.240 capacity and that skill set.

NOTE Confidence: 0.897425928333333

00:12:41.240 --> 00:12:43.590 Next slide.

NOTE Confidence: 0.897425928333333

00:12:43.590 --> 00:12:43.863 OK,

NOTE Confidence: 0.897425928333333

00:12:43.863 --> 00:12:45.774 so some of the other stuff besides

NOTE Confidence: 0.897425928333333

00:12:45.774 --> 00:12:47.059 talking about the pandemic,

NOTE Confidence: 0.897425928333333

00:12:47.060 --> 00:12:48.932 which I think we've spent a lot of time,

NOTE Confidence: 0.897425928333333

00:12:48.940 --> 00:12:50.907 is some of the good stuff that

NOTE Confidence: 0.897425928333333

00:12:50.907 --> 00:12:52.769 happened while we were just so

NOTE Confidence: 0.897425928333333

00:12:52.769 --> 00:12:54.671 busy catching our breath on doing

NOTE Confidence: 0.897425928333333

00:12:54.671 --> 00:12:56.576 routine care so often in crisis.

NOTE Confidence: 0.897425928333333

00:12:56.576 --> 00:12:58.808 Sometimes the best minds and best

NOTE Confidence: 0.897425928333333

00:12:58.808 --> 00:13:00.953 solutions are born and the hospital

NOTE Confidence: 0.897425928333333

00:13:00.953 --> 00:13:03.097 program was launched over the past

NOTE Confidence: 0.897425928333333

00:13:03.097 --> 00:13:05.329 year by Doctor Carrier Edelson along

NOTE Confidence: 0.897425928333333

00:13:05.329 --> 00:13:07.101 with Doctor Jensen Morris who haven't.

NOTE Confidence: 0.897425928333333

00:13:07.101 --> 00:13:07.969 If you haven't met,

NOTE Confidence: 0.897425928333333

00:13:07.970 --> 00:13:10.190 she runs our hospitals program,

NOTE Confidence: 0.897425928333333

00:13:10.190 --> 00:13:11.505 and although it's only been

NOTE Confidence: 0.897425928333333

00:13:11.505 --> 00:13:13.230 launched for a few short months,

NOTE Confidence: 0.897425928333333

00:13:13.230 --> 00:13:14.840 the early signal shows that.

NOTE Confidence: 0.897425928333333

00:13:14.840 --> 00:13:16.845 Having a dedicated team does

NOTE Confidence: 0.897425928333333

00:13:16.845 --> 00:13:18.449 improve things like length

NOTE Confidence: 0.897425928333333

00:13:18.449 --> 00:13:20.580 of stay in early discharge,

NOTE Confidence: 0.897425928333333

00:13:20.580 --> 00:13:22.656 so again it's a positive signal.

NOTE Confidence: 0.897425928333333

00:13:22.660 --> 00:13:24.145 It's something will continue to

NOTE Confidence: 0.897425928333333

00:13:24.145 --> 00:13:26.230 learn from and as Eric comes on

NOTE Confidence: 0.897425928333333

00:13:26.230 --> 00:13:28.120 this will be something for us to

NOTE Confidence: 0.897425928333333

00:13:28.120 --> 00:13:29.710 discuss and see how this relates

NOTE Confidence: 0.897425928333333

00:13:29.710 --> 00:13:31.292 to how we deliver our care,

NOTE Confidence: 0.897425928333333

00:13:31.292 --> 00:13:33.476 but also think about how does it

NOTE Confidence: 0.897425928333333

00:13:33.476 --> 00:13:35.440 impact our training experience?

NOTE Confidence: 0.897425928333333

00:13:35.440 --> 00:13:37.393 Are we thinking about all those facets

NOTE Confidence: 0.897425928333333

00:13:37.393 --> 00:13:39.099 and training the next generation?

NOTE Confidence: 0.897425928333333

00:13:39.100 --> 00:13:41.809 But I think early on really remarkable

NOTE Confidence: 0.897425928333333

00:13:41.809 --> 00:13:44.075 success or working across different

NOTE Confidence: 0.897425928333333

00:13:44.075 --> 00:13:46.650 programs and across our institution.

NOTE Confidence: 0.897425928333333

00:13:46.650 --> 00:13:47.640 Next slide.

NOTE Confidence: 0.897425928333333

00:13:47.640 --> 00:13:50.115 And other things are this

NOTE Confidence: 0.897425928333333

00:13:50.115 --> 00:13:51.600 next day initiative.

NOTE Confidence: 0.897425928333333

00:13:51.600 --> 00:13:53.520 I think if it's someone in your family,

NOTE Confidence: 0.897425928333333

00:13:53.520 --> 00:13:55.200 if you have a cancer diagnosis,

NOTE Confidence: 0.897425928333333

00:13:55.200 --> 00:13:56.808 we would all say we want to be

NOTE Confidence: 0.897425928333333

00:13:56.808 --> 00:13:58.586 seen as soon as we hear about it.

NOTE Confidence: 0.897425928333333

00:13:58.590 --> 00:14:00.000 And that's the right intent.

NOTE Confidence: 0.897425928333333

00:14:00.000 --> 00:14:00.855 Do you know?

NOTE Confidence: 0.897425928333333

00:14:00.855 --> 00:14:02.850 We need to think about our patients,

NOTE Confidence: 0.897425928333333

00:14:02.850 --> 00:14:04.530 how we would want to be treated

NOTE Confidence: 0.897425928333333

00:14:04.530 --> 00:14:06.380 and they want to be seen next day.

NOTE Confidence: 0.897425928333333

00:14:06.380 --> 00:14:07.915 So this is an initiative

NOTE Confidence: 0.897425928333333

00:14:07.915 --> 00:14:09.143 launched by Sarah Mccallion,

NOTE Confidence: 0.897425928333333

00:14:09.150 --> 00:14:11.112 whose are ambulatory officer on with

NOTE Confidence: 0.897425928333333

00:14:11.112 --> 00:14:13.510 these Chomsky and the data shows that

NOTE Confidence: 0.897425928333333

00:14:13.510 --> 00:14:15.574 this has launched in several locations.

NOTE Confidence: 0.829417170909091

00:14:15.580 --> 00:14:17.323 I'm not going to name them on

NOTE Confidence: 0.829417170909091

00:14:17.323 --> 00:14:18.790 lot in southern Connecticut.

NOTE Confidence: 0.829417170909091

00:14:18.790 --> 00:14:20.652 Along with other areas and what has

NOTE Confidence: 0.829417170909091

00:14:20.652 --> 00:14:22.982 shown is that we are able to do this

NOTE Confidence: 0.829417170909091

00:14:22.982 --> 00:14:24.669 for things like Breast Cancer Care.

NOTE Confidence: 0.829417170909091

00:14:24.670 --> 00:14:27.334 About 15% of people are being seen by the

NOTE Confidence: 0.829417170909091

00:14:27.334 --> 00:14:29.956 next day and also we're seeing about 10%

NOTE Confidence: 0.829417170909091

00:14:29.960 --> 00:14:31.488 of people being seen in the next day.

NOTE Confidence: 0.829417170909091

00:14:31.490 --> 00:14:34.227 So there's a huge patient demand for

NOTE Confidence: 0.829417170909091

00:14:34.227 --> 00:14:36.592 this and offering this is something

NOTE Confidence: 0.829417170909091

00:14:36.592 --> 00:14:38.812 that we need to start doing,

NOTE Confidence: 0.829417170909091

00:14:38.820 --> 00:14:40.857 but the dynamics of it become hard

NOTE Confidence: 0.829417170909091

00:14:40.857 --> 00:14:43.046 because it does mean it puts stressors

NOTE Confidence: 0.829417170909091

00:14:43.046 --> 00:14:45.330 on the frontlines team to think about

NOTE Confidence: 0.829417170909091

00:14:45.330 --> 00:14:47.352 how do we work more intelligently

NOTE Confidence: 0.829417170909091

00:14:47.352 --> 00:14:50.098 around this rather than just making art?

NOTE Confidence: 0.829417170909091

00:14:50.098 --> 00:14:52.258 Please go longer next slide.

NOTE Confidence: 0.829417170909091

00:14:52.260 --> 00:14:53.570 And then the patient experience,

NOTE Confidence: 0.829417170909091

00:14:53.570 --> 00:14:55.856 which is critical around how we

NOTE Confidence: 0.829417170909091

00:14:55.856 --> 00:14:56.969 think as you know,

NOTE Confidence: 0.829417170909091

00:14:56.969 --> 00:14:59.393 Terra Sam presents a lot of this and she's

NOTE Confidence: 0.829417170909091

00:14:59.393 --> 00:15:01.710 helped by her director of patient experience,

NOTE Confidence: 0.829417170909091

00:15:01.710 --> 00:15:02.306 Michelle Kelby,

NOTE Confidence: 0.829417170909091

00:15:02.306 --> 00:15:04.094 Albert and some of the experiences

NOTE Confidence: 0.829417170909091

00:15:04.094 --> 00:15:05.993 that they have really done is

NOTE Confidence: 0.829417170909091

00:15:05.993 --> 00:15:07.237 the patient experience forums.

NOTE Confidence: 0.829417170909091

00:15:07.240 --> 00:15:08.580 We've talked about those and

NOTE Confidence: 0.829417170909091

00:15:08.580 --> 00:15:10.250 then we formed the P fact.

NOTE Confidence: 0.829417170909091

00:15:10.250 --> 00:15:12.075 These patient and family advisory

NOTE Confidence: 0.829417170909091

00:15:12.075 --> 00:15:14.224 councils for patients educate us on

NOTE Confidence: 0.829417170909091

00:15:14.224 --> 00:15:16.079 what are the missing things that we

NOTE Confidence: 0.829417170909091

00:15:16.079 --> 00:15:18.106 may never hear about or think about.

NOTE Confidence: 0.829417170909091

00:15:18.110 --> 00:15:20.594 And I think those are important

NOTE Confidence: 0.829417170909091

00:15:20.594 --> 00:15:22.680 dialogues because partly we live.

NOTE Confidence: 0.829417170909091

00:15:22.680 --> 00:15:24.535 And then we delivered this

NOTE Confidence: 0.829417170909091

00:15:24.535 --> 00:15:25.277 tripartite mission.

NOTE Confidence: 0.829417170909091

00:15:25.280 --> 00:15:26.896 They say we do it in a community.

NOTE Confidence: 0.829417170909091

00:15:26.900 --> 00:15:30.266 Some of that community is us as human beings,

NOTE Confidence: 0.829417170909091

00:15:30.270 --> 00:15:31.740 but we live in a community.

NOTE Confidence: 0.829417170909091

00:15:31.740 --> 00:15:33.420 I'm currently sitting in New Haven.

NOTE Confidence: 0.829417170909091

00:15:33.420 --> 00:15:35.569 Some of your sitting in Torrington or

NOTE Confidence: 0.829417170909091

00:15:35.569 --> 00:15:37.978 water for door investor Lior Greenwich.

NOTE Confidence: 0.829417170909091

00:15:37.980 --> 00:15:40.076 So what does that community think about us?

NOTE Confidence: 0.829417170909091

00:15:40.080 --> 00:15:41.220 And this is, I think,

NOTE Confidence: 0.829417170909091

00:15:41.220 --> 00:15:41.892 thinking how?

NOTE Confidence: 0.829417170909091

00:15:41.892 --> 00:15:44.244 How do we make these abstract notions

NOTE Confidence: 0.829417170909091

00:15:44.244 --> 00:15:46.656 very much local and important to our

NOTE Confidence: 0.829417170909091

00:15:46.656 --> 00:15:48.960 patients who live within that community?

NOTE Confidence: 0.829417170909091

00:15:48.960 --> 00:15:50.600 Next slide.

NOTE Confidence: 0.829417170909091

00:15:50.600 --> 00:15:52.690 OK, so some more data.

NOTE Confidence: 0.829417170909091

00:15:52.690 --> 00:15:55.126 In terms of thinking about new

NOTE Confidence: 0.829417170909091

00:15:55.126 --> 00:15:55.938 patient volumes,

NOTE Confidence: 0.829417170909091

00:15:55.940 --> 00:15:56.723 this is helpful.

NOTE Confidence: 0.829417170909091

00:15:56.723 --> 00:15:58.845 We had a lot of growth you can

NOTE Confidence: 0.829417170909091

00:15:58.845 --> 00:16:00.799 see up till 2017 I think.

NOTE Confidence: 0.829417170909091

00:16:00.799 --> 00:16:02.491 Think somethings plateaued down

NOTE Confidence: 0.829417170909091

00:16:02.491 --> 00:16:05.394 and and as we look in twenty 2021

NOTE Confidence: 0.829417170909091

00:16:05.394 --> 00:16:07.242 I think some things for us to

NOTE Confidence: 0.829417170909091

00:16:07.242 --> 00:16:09.255 look and pause and say there are

NOTE Confidence: 0.829417170909091

00:16:09.255 --> 00:16:11.290 areas where we need to focus on.

NOTE Confidence: 0.829417170909091

00:16:11.290 --> 00:16:11.562 Again,

NOTE Confidence: 0.829417170909091

00:16:11.562 --> 00:16:13.194 this is just more thinking about

NOTE Confidence: 0.829417170909091

00:16:13.194 --> 00:16:15.204 and as we think of our strategic

NOTE Confidence: 0.829417170909091

00:16:15.204 --> 00:16:17.466 framework and I know many of us spend

NOTE Confidence: 0.829417170909091

00:16:17.466 --> 00:16:19.466 a lot of time thinking about it next

NOTE Confidence: 0.829417170909091

00:16:19.470 --> 00:16:22.165 slide and then just add more data.

NOTE Confidence: 0.829417170909091

00:16:22.170 --> 00:16:23.676 And what are the worker views?

NOTE Confidence: 0.829417170909091

00:16:23.680 --> 00:16:24.612 Associated with their work.

NOTE Confidence: 0.829417170909091

00:16:24.612 --> 00:16:26.758 That's how one way of how we measure work.

NOTE Confidence: 0.829417170909091

00:16:26.760 --> 00:16:27.772 There many other ways,

NOTE Confidence: 0.829417170909091

00:16:27.772 --> 00:16:29.994 but this is how we measure one of our

NOTE Confidence: 0.829417170909091

00:16:29.994 --> 00:16:31.816 domains of the work and it just shows

NOTE Confidence: 0.829417170909091

00:16:31.816 --> 00:16:33.573 the data over the past few years.

NOTE Confidence: 0.829417170909091

00:16:33.580 --> 00:16:36.010 Next slide and then of course,

NOTE Confidence: 0.829417170909091

00:16:36.010 --> 00:16:38.152 even though we I shared the new patient data,

NOTE Confidence: 0.829417170909091

00:16:38.160 --> 00:16:38.668 of course,

NOTE Confidence: 0.829417170909091

00:16:38.668 --> 00:16:41.182 as we all know is you get busy busy

NOTE Confidence: 0.829417170909091

00:16:41.182 --> 00:16:43.232 people keep getting busier 'cause

NOTE Confidence: 0.829417170909091

00:16:43.232 --> 00:16:45.230 your patients continue they continue

NOTE Confidence: 0.829417170909091

00:16:45.230 --> 00:16:47.566 to follow us and you can see that

NOTE Confidence: 0.829417170909091

00:16:47.566 --> 00:16:49.252 that growth is exponential because

NOTE Confidence: 0.829417170909091

00:16:49.252 --> 00:16:51.340 those patients stay with us and

NOTE Confidence: 0.912112836111111

00:16:51.401 --> 00:16:53.793 I think this is an opportunity of working.

NOTE Confidence: 0.912112836111111

00:16:53.800 --> 00:16:56.320 How do we use telehealth in this population?

NOTE Confidence: 0.912112836111111

00:16:56.320 --> 00:16:58.180 How do we think as teams

NOTE Confidence: 0.912112836111111

00:16:58.180 --> 00:16:59.760 around our follow up visits?

NOTE Confidence: 0.912112836111111

00:16:59.760 --> 00:17:02.000 Is that always done the same way?

NOTE Confidence: 0.912112836111111

00:17:02.000 --> 00:17:04.316 Are there smarter ways of doing

NOTE Confidence: 0.912112836111111

00:17:04.316 --> 00:17:07.349 this as we look ahead next slide?

NOTE Confidence: 0.912112836111111

00:17:07.350 --> 00:17:08.808 And then just I want to make a point.

NOTE Confidence: 0.912112836111111

00:17:08.810 --> 00:17:10.550 This is a complicated slide.

NOTE Confidence: 0.912112836111111

00:17:10.550 --> 00:17:12.135 Going this is monthly starting

NOTE Confidence: 0.912112836111111

00:17:12.135 --> 00:17:14.110 in October on the X axis,

NOTE Confidence: 0.912112836111111

00:17:14.110 --> 00:17:16.396 going all the way to October 2021,

NOTE Confidence: 0.912112836111111

00:17:16.396 --> 00:17:18.524 and what you can see is in blue

NOTE Confidence: 0.912112836111111

00:17:18.524 --> 00:17:20.743 is in in person visits the the

NOTE Confidence: 0.912112836111111

00:17:20.743 --> 00:17:22.748 light blue color or whatever we

NOTE Confidence: 0.912112836111111

00:17:22.748 --> 00:17:25.128 call it is video and then that

NOTE Confidence: 0.912112836111111

00:17:25.128 --> 00:17:27.302 orangish color is telephone visits.

NOTE Confidence: 0.912112836111111

00:17:27.302 --> 00:17:30.050 We all know that telehealth took

NOTE Confidence: 0.912112836111111

00:17:30.135 --> 00:17:32.390 off as the pandemic happened.

NOTE Confidence: 0.912112836111111

00:17:32.390 --> 00:17:34.358 So you can see that although

NOTE Confidence: 0.912112836111111

00:17:34.358 --> 00:17:36.058 for cancer patients still need

NOTE Confidence: 0.912112836111111

00:17:36.058 --> 00:17:37.678 their infusion and need to.

NOTE Confidence: 0.912112836111111

00:17:37.680 --> 00:17:39.150 Visit us so we continue to do

NOTE Confidence: 0.912112836111111

00:17:39.150 --> 00:17:40.676 a lot of inpatient visit there

NOTE Confidence: 0.912112836111111

00:17:40.676 --> 00:17:42.615 as you know my other hat is.

NOTE Confidence: 0.912112836111111

00:17:42.620 --> 00:17:44.276 I'm the head of the Yale

NOTE Confidence: 0.912112836111111

00:17:44.276 --> 00:17:45.104 medicine practice plan.

NOTE Confidence: 0.912112836111111

00:17:45.110 --> 00:17:46.718 If you look telehealth across our

NOTE Confidence: 0.912112836111111

00:17:46.718 --> 00:17:49.400 health system, it was up to 3040%.

NOTE Confidence: 0.912112836111111

00:17:49.400 --> 00:17:51.976 But here was about 20% back in

NOTE Confidence: 0.912112836111111

00:17:51.976 --> 00:17:53.957 last year and this is the rest

NOTE Confidence: 0.912112836111111

00:17:53.957 --> 00:17:56.015 of the trend is not a typical

NOTE Confidence: 0.912112836111111

00:17:56.015 --> 00:17:58.399 we see that as things opened up,

NOTE Confidence: 0.912112836111111

00:17:58.400 --> 00:18:00.647 patients wanted to see us more in

NOTE Confidence: 0.912112836111111

00:18:00.647 --> 00:18:03.069 person and that's what we see here

NOTE Confidence: 0.912112836111111

00:18:03.069 --> 00:18:04.814 that the telehealth is declining.

NOTE Confidence: 0.912112836111111

00:18:04.820 --> 00:18:06.878 I think phone as you all know,

NOTE Confidence: 0.912112836111111

00:18:06.880 --> 00:18:07.996 was not reimbursed.

NOTE Confidence: 0.912112836111111

00:18:07.996 --> 00:18:10.228 Is is is there's some reimbursement,

NOTE Confidence: 0.912112836111111

00:18:10.230 --> 00:18:11.322 so we encourage video,

NOTE Confidence: 0.912112836111111

00:18:11.322 --> 00:18:13.385 but as we look ahead I don't

NOTE Confidence: 0.912112836111111

00:18:13.385 --> 00:18:15.160 think you should have banned.

NOTE Confidence: 0.912112836111111

00:18:15.160 --> 00:18:15.986 Until Yelp.

NOTE Confidence: 0.912112836111111

00:18:15.986 --> 00:18:18.051 I think there are opportunities

NOTE Confidence: 0.912112836111111

00:18:18.051 --> 00:18:20.689 similar to what I mentioned around.

NOTE Confidence: 0.912112836111111

00:18:20.690 --> 00:18:22.594 The follow up visits and I'm not.

NOTE Confidence: 0.912112836111111

00:18:22.600 --> 00:18:25.327 I'm what I mentioned early on as we look

NOTE Confidence: 0.912112836111111

00:18:25.327 --> 00:18:28.587 at our care centers and they're distributed.

NOTE Confidence: 0.912112836111111

00:18:28.590 --> 00:18:30.000 And if you're thinking of

NOTE Confidence: 0.912112836111111

00:18:30.000 --> 00:18:31.128 an academic health system,

NOTE Confidence: 0.912112836111111

00:18:31.130 --> 00:18:33.380 not everyone has that expertise.

NOTE Confidence: 0.912112836111111

00:18:33.380 --> 00:18:34.440 We look at, you know,

NOTE Confidence: 0.912112836111111

00:18:34.440 --> 00:18:36.282 in every domain and how do

NOTE Confidence: 0.912112836111111

00:18:36.282 --> 00:18:37.510 we bring the specialist?

NOTE Confidence: 0.912112836111111

00:18:37.510 --> 00:18:39.764 Can we use telehealth as a tactical

NOTE Confidence: 0.912112836111111

00:18:39.764 --> 00:18:41.564 way rather than everyone going

NOTE Confidence: 0.912112836111111

00:18:41.564 --> 00:18:43.874 to visit that patient to bring

NOTE Confidence: 0.912112836111111

00:18:43.874 --> 00:18:45.718 that specialist to remote sites?

NOTE Confidence: 0.912112836111111

00:18:45.720 --> 00:18:47.754 Again, this is not the answer is not today,

NOTE Confidence: 0.912112836111111

00:18:47.760 --> 00:18:50.240 but those conversations are happening.

NOTE Confidence: 0.912112836111111

00:18:50.240 --> 00:18:50.624 But.

NOTE Confidence: 0.912112836111111

00:18:50.624 --> 00:18:52.160 Delivering that will require

NOTE Confidence: 0.912112836111111

00:18:52.160 --> 00:18:54.462 some nuances as we pilot them

NOTE Confidence: 0.912112836111111

00:18:54.462 --> 00:18:56.007 out and think about it.

NOTE Confidence: 0.912112836111111

00:18:56.010 --> 00:18:58.383 I know certainly in surgery I've seen

NOTE Confidence: 0.912112836111111

00:18:58.383 --> 00:19:00.488 some nice areas and in Waterbury

NOTE Confidence: 0.912112836111111

00:19:00.488 --> 00:19:02.861 with thoracic doing this and I think

NOTE Confidence: 0.912112836111111

00:19:02.933 --> 00:19:04.967 there's opportunity for us to think

NOTE Confidence: 0.912112836111111

00:19:04.967 --> 00:19:07.750 and use it across as holistically.

NOTE Confidence: 0.912112836111111

00:19:07.750 --> 00:19:09.170 Next slide.

NOTE Confidence: 0.912112836111111

00:19:09.170 --> 00:19:10.704 OK, the now,

NOTE Confidence: 0.912112836111111

00:19:10.704 --> 00:19:12.764 although we are very distributed,

NOTE Confidence: 0.912112836111111

00:19:12.770 --> 00:19:13.980 there are four divisions that

NOTE Confidence: 0.912112836111111

00:19:13.980 --> 00:19:15.506 are part of the yield Cancer

NOTE Confidence: 0.912112836111111

00:19:15.506 --> 00:19:17.072 Center and I think it's important

NOTE Confidence: 0.912112836111111

00:19:17.072 --> 00:19:18.529 to think about what they do,

NOTE Confidence: 0.912112836111111

00:19:18.530 --> 00:19:19.674 'cause they're full time

NOTE Confidence: 0.912112836111111

00:19:19.674 --> 00:19:20.818 in the Cancer Center.

NOTE Confidence: 0.912112836111111

00:19:20.820 --> 00:19:22.405 So going Herbst runs the

NOTE Confidence: 0.912112836111111

00:19:22.405 --> 00:19:23.673 division of Medical Oncology,

NOTE Confidence: 0.912112836111111

00:19:23.680 --> 00:19:25.955 and although it's it's one of our

NOTE Confidence: 0.912112836111111

00:19:25.955 --> 00:19:27.938 largest division with about 80 people,

NOTE Confidence: 0.912112836111111

00:19:27.940 --> 00:19:29.144 clearly lot of work and I'm not

NOTE Confidence: 0.912112836111111

00:19:29.144 --> 00:19:30.620 going to be able to acknowledge it.

NOTE Confidence: 0.912112836111111

00:19:30.620 --> 00:19:32.888 Some of the key highlights as

NOTE Confidence: 0.912112836111111

00:19:32.888 --> 00:19:34.400 they have multiple spores.

NOTE Confidence: 0.912112836111111

00:19:34.400 --> 00:19:36.608 They're also trying to get faculty

NOTE Confidence: 0.912112836111111

00:19:36.608 --> 00:19:38.080 development and recruitment as

NOTE Confidence: 0.917267885333333

00:19:38.145 --> 00:19:39.450 we continue to be busy.

NOTE Confidence: 0.917267885333333

00:19:39.450 --> 00:19:41.934 Lots of drug approvals you can see in head,

NOTE Confidence: 0.917267885333333

00:19:41.940 --> 00:19:44.120 neck, lung and bladder cancer

NOTE Confidence: 0.917267885333333

00:19:44.120 --> 00:19:46.032 and I have to say this team has

NOTE Confidence: 0.917267885333333

00:19:46.032 --> 00:19:47.420 worked really well on faculty,

NOTE Confidence: 0.917267885333333

00:19:47.420 --> 00:19:49.310 staff and Wellness during the pandemic

NOTE Confidence: 0.917267885333333

00:19:49.310 --> 00:19:51.289 for next year they continue to.

NOTE Confidence: 0.917267885333333

00:19:51.290 --> 00:19:52.970 Think about faculty recruitment

NOTE Confidence: 0.917267885333333

00:19:52.970 --> 00:19:54.230 and development goals.

NOTE Confidence: 0.917267885333333

00:19:54.230 --> 00:19:56.134 Also, how do we bring that academic

NOTE Confidence: 0.917267885333333

00:19:56.134 --> 00:19:58.082 piece in the system is fellows come

NOTE Confidence: 0.917267885333333

00:19:58.082 --> 00:20:00.421 out and they want a much more different

NOTE Confidence: 0.917267885333333

00:20:00.421 --> 00:20:02.801 practice then perhaps in the past and

NOTE Confidence: 0.917267885333333

00:20:02.801 --> 00:20:04.938 they're looking at putting in a fourth

NOTE Confidence: 0.917267885333333

00:20:04.938 --> 00:20:06.550 score application in breast cancer.

NOTE Confidence: 0.917267885333333

00:20:06.550 --> 00:20:08.640 Next slide.

NOTE Confidence: 0.917267885333333

00:20:08.640 --> 00:20:10.645 Looking at division of Hematology

NOTE Confidence: 0.917267885333333

00:20:10.645 --> 00:20:12.606 led by the Stephanie Helene,

NOTE Confidence: 0.917267885333333

00:20:12.606 --> 00:20:15.252 who as you know took over the

NOTE Confidence: 0.917267885333333

00:20:15.252 --> 00:20:17.589 division over almost about two years

NOTE Confidence: 0.917267885333333

00:20:17.589 --> 00:20:19.871 ago and obviously focused on the

NOTE Confidence: 0.917267885333333

00:20:19.871 --> 00:20:21.826 tripartite mission as I mentioned,

NOTE Confidence: 0.917267885333333

00:20:21.830 --> 00:20:23.692 but also as I know Stephanie also

NOTE Confidence: 0.917267885333333

00:20:23.692 --> 00:20:25.714 think about how do we disseminate

NOTE Confidence: 0.917267885333333

00:20:25.714 --> 00:20:27.266 innovation throughout the world,

NOTE Confidence: 0.917267885333333

00:20:27.270 --> 00:20:29.568 'cause the research here is phenomenal.

NOTE Confidence: 0.917267885333333

00:20:29.570 --> 00:20:31.226 Now if you move to the next slide,

NOTE Confidence: 0.917267885333333

00:20:31.230 --> 00:20:33.015 I think what needs to happen is

NOTE Confidence: 0.917267885333333

00:20:33.015 --> 00:20:34.538 and what Doctor Helene is very

NOTE Confidence: 0.917267885333333

00:20:34.538 --> 00:20:36.532 much focused on is how do we bring

NOTE Confidence: 0.917267885333333

00:20:36.532 --> 00:20:38.344 that depth into all the programs?

NOTE Confidence: 0.917267885333333

00:20:38.350 --> 00:20:40.230 Because lymphoma is very different

NOTE Confidence: 0.917267885333333

00:20:40.230 --> 00:20:42.536 from leukemia and that the in

NOTE Confidence: 0.917267885333333

00:20:42.536 --> 00:20:44.684 especially as we think of the

NOTE Confidence: 0.917267885333333

00:20:44.684 --> 00:20:46.130 scientific innovations in this.

NOTE Confidence: 0.917267885333333

00:20:46.130 --> 00:20:48.140 This kind of tells you about

NOTE Confidence: 0.917267885333333

00:20:48.140 --> 00:20:49.750 how diverse this team is,

NOTE Confidence: 0.917267885333333

00:20:49.750 --> 00:20:51.410 how large this team is,

NOTE Confidence: 0.917267885333333

00:20:51.410 --> 00:20:53.734 a couple points to make out point

NOTE Confidence: 0.917267885333333

00:20:53.734 --> 00:20:56.304 out here the yellow boxes show all

NOTE Confidence: 0.917267885333333

00:20:56.304 --> 00:20:58.834 the new team members they have and

NOTE Confidence: 0.917267885333333

00:20:58.834 --> 00:21:01.026 they are some of them are in here.

NOTE Confidence: 0.917267885333333

00:21:01.030 --> 00:21:03.350 Some of them are in the health system.

NOTE Confidence: 0.917267885333333

00:21:03.350 --> 00:21:06.101 One point to point out is that

NOTE Confidence: 0.917267885333333

00:21:06.101 --> 00:21:08.459 the classical theme is an area of.

NOTE Confidence: 0.917267885333333

00:21:08.460 --> 00:21:11.016 Huge growth and need partly reflects

NOTE Confidence: 0.917267885333333

00:21:11.016 --> 00:21:13.938 Connecticut as a state with an aging

NOTE Confidence: 0.917267885333333

00:21:13.938 --> 00:21:16.230 state population that many of our

NOTE Confidence: 0.917267885333333

00:21:16.230 --> 00:21:18.927 sites are inundated with benign heme,

NOTE Confidence: 0.917267885333333

00:21:18.930 --> 00:21:21.639 it's either an opportunity or a stressor.

NOTE Confidence: 0.917267885333333

00:21:21.640 --> 00:21:23.893 It certainly is a lot of demand,

NOTE Confidence: 0.917267885333333

00:21:23.893 --> 00:21:26.440 but how do we use it for our research,

NOTE Confidence: 0.917267885333333

00:21:26.440 --> 00:21:28.348 I think those are some things that I know.

NOTE Confidence: 0.917267885333333

00:21:28.350 --> 00:21:28.842 I know,

NOTE Confidence: 0.917267885333333

00:21:28.842 --> 00:21:30.564 the heme group is thinking with Bob

NOTE Confidence: 0.917267885333333

00:21:30.564 --> 00:21:32.076 Boehner and others also want to

NOTE Confidence: 0.917267885333333

00:21:32.076 --> 00:21:33.770 point out Marcus motion on the left.

NOTE Confidence: 0.917267885333333

00:21:33.770 --> 00:21:36.451 Some of you may not have met him is

NOTE Confidence: 0.917267885333333

00:21:36.451 --> 00:21:39.048 he is our inaugural director of CMC.

NOTE Confidence: 0.917267885333333

00:21:39.050 --> 00:21:41.310 Or central molecular clinical oncology.

NOTE Confidence: 0.917267885333333

00:21:41.310 --> 00:21:43.680 Dr Mission joined us last summer

NOTE Confidence: 0.917267885333333

00:21:43.680 --> 00:21:45.260 from City of Hope,

NOTE Confidence: 0.917267885333333

00:21:45.260 --> 00:21:46.916 accomplished Howard Hughes investigator,

NOTE Confidence: 0.917267885333333

00:21:46.916 --> 00:21:50.090 whose goal is to bring the physician

NOTE Confidence: 0.917267885333333

00:21:50.090 --> 00:21:51.620 scientist. How do we train them?

NOTE Confidence: 0.917267885333333

00:21:51.620 --> 00:21:53.594 And he's he's been able to recruit

NOTE Confidence: 0.917267885333333

00:21:53.594 --> 00:21:55.070 three people in his group.

NOTE Confidence: 0.917267885333333

00:21:55.070 --> 00:21:57.584 So really excited about how that

NOTE Confidence: 0.917267885333333

00:21:57.584 --> 00:22:00.217 comes across and then you can see

NOTE Confidence: 0.917267885333333

00:22:00.217 --> 00:22:01.458 how Stephanie's thinking about the

NOTE Confidence: 0.917267885333333

00:22:01.458 --> 00:22:02.880 network and all of the pieces.

NOTE Confidence: 0.917267885333333

00:22:02.880 --> 00:22:04.455 So I think this group will continue

NOTE Confidence: 0.917267885333333

00:22:04.455 --> 00:22:06.049 to get bigger over the next year,

NOTE Confidence: 0.917267885333333

00:22:06.050 --> 00:22:09.880 as Doctor Weiner joins us. Next slide.

NOTE Confidence: 0.917267885333333

00:22:09.880 --> 00:22:13.096 Neuron colleges led by Antonio Moral.

NOTE Confidence: 0.917267885333333

00:22:13.100 --> 00:22:15.424 They had the shanavia brain tumor front.

NOTE Confidence: 0.917267885333333

00:22:15.430 --> 00:22:17.586 You saw the announcement earlier this week.

NOTE Confidence: 0.917267885333333

00:22:17.590 --> 00:22:20.630 They also had a U 19 grant with

NOTE Confidence: 0.917267885333333

00:22:20.630 --> 00:22:23.795 Antonio Amaro and Ranchi and drawn

NOTE Confidence: 0.917267885333333

00:22:23.795 --> 00:22:26.115 launching the therapeutic network.

NOTE Confidence: 0.917267885333333

00:22:26.120 --> 00:22:28.700 They're continuing to do a lot

NOTE Confidence: 0.917267885333333

00:22:28.700 --> 00:22:30.420 of clinical trials and

NOTE Confidence: 0.846467799166667

00:22:30.510 --> 00:22:32.430 then for 2022 for this coming year.

NOTE Confidence: 0.846467799166667

00:22:32.430 --> 00:22:35.517 Their goals are to kind of optimize

NOTE Confidence: 0.846467799166667

00:22:35.517 --> 00:22:37.750 their inpatient services as well as

NOTE Confidence: 0.846467799166667

00:22:37.750 --> 00:22:40.020 launch a PO1 in the future and then.

NOTE Confidence: 0.846467799166667

00:22:40.020 --> 00:22:42.057 I know that they have also a

NOTE Confidence: 0.846467799166667

00:22:42.057 --> 00:22:43.649 recruitment needs in this group.

NOTE Confidence: 0.846467799166667

00:22:43.650 --> 00:22:46.677 Next slide. Alright,

NOTE Confidence: 0.846467799166667

00:22:46.677 --> 00:22:48.785 so therapeutic radiology or

NOTE Confidence: 0.846467799166667

00:22:48.785 --> 00:22:51.776 radiation oncology as well is the

NOTE Confidence: 0.846467799166667

00:22:51.776 --> 00:22:53.556 department led by Doctor Glaser,

NOTE Confidence: 0.846467799166667

00:22:53.560 --> 00:22:56.665 one of the top five programs in the country.

NOTE Confidence: 0.846467799166667

00:22:56.670 --> 00:22:58.614 Clearly very much definitely

NOTE Confidence: 0.846467799166667

00:22:58.614 --> 00:23:00.558 invested in building teams,

NOTE Confidence: 0.846467799166667

00:23:00.560 --> 00:23:02.884 translational science or what we mean by

NOTE Confidence: 0.846467799166667

00:23:02.884 --> 00:23:05.380 taking signs from the bench to the bedside.

NOTE Confidence: 0.846467799166667

00:23:05.380 --> 00:23:07.306 We have to acknowledge that they

NOTE Confidence: 0.846467799166667

00:23:07.306 --> 00:23:09.323 had the mosaic cyber attack and

NOTE Confidence: 0.846467799166667

00:23:09.323 --> 00:23:10.988 how this team worked tirelessly

NOTE Confidence: 0.846467799166667

00:23:10.988 --> 00:23:13.631 to make sure that no one's no

NOTE Confidence: 0.846467799166667

00:23:13.631 --> 00:23:15.207 patients treatment was interrupted,

NOTE Confidence: 0.846467799166667

00:23:15.210 --> 00:23:16.160 and I think that's a.

NOTE Confidence: 0.846467799166667

00:23:16.160 --> 00:23:18.084 Fabulous achievement in addition,

NOTE Confidence: 0.846467799166667

00:23:18.084 --> 00:23:21.473 Lynn Wilson has now stepped in as

NOTE Confidence: 0.846467799166667

00:23:21.473 --> 00:23:23.981 our new Deputy CMO for therapeutic

NOTE Confidence: 0.846467799166667

00:23:23.981 --> 00:23:26.580 radiology is the idea of a Cancer

NOTE Confidence: 0.846467799166667

00:23:26.580 --> 00:23:29.124 Center and being matrix that we need

NOTE Confidence: 0.846467799166667

00:23:29.124 --> 00:23:31.350 the connection so really want to

NOTE Confidence: 0.846467799166667

00:23:31.428 --> 00:23:34.275 welcome Lynn informally and on this in

NOTE Confidence: 0.846467799166667

00:23:34.275 --> 00:23:37.035 this role and then for the next year.

NOTE Confidence: 0.846467799166667

00:23:37.040 --> 00:23:39.587 I think all of us have heard the proton

NOTE Confidence: 0.846467799166667

00:23:39.587 --> 00:23:42.271 center that will be in in the Central

NOTE Confidence: 0.846467799166667

00:23:42.271 --> 00:23:44.630 Connecticut domain that started construction.

NOTE Confidence: 0.846467799166667

00:23:44.630 --> 00:23:46.298 They're working on building a spinal.

NOTE Confidence: 0.846467799166667

00:23:46.300 --> 00:23:47.920 Oncology program with neurosurgery

NOTE Confidence: 0.846467799166667

00:23:47.920 --> 00:23:49.135 and Woody Mendel.

NOTE Confidence: 0.846467799166667

00:23:49.140 --> 00:23:51.870 Dr Mendel just joined us and they're also

NOTE Confidence: 0.846467799166667

00:23:51.870 --> 00:23:54.220 looking at a spore grant in DNA repair.

NOTE Confidence: 0.846467799166667

00:23:54.220 --> 00:23:55.168 And of course,

NOTE Confidence: 0.846467799166667

00:23:55.168 --> 00:23:55.800 the team.

NOTE Confidence: 0.846467799166667

00:23:55.800 --> 00:23:57.390 If you've already heard continued

NOTE Confidence: 0.846467799166667

00:23:57.390 --> 00:23:58.980 recruitment back to the theme

NOTE Confidence: 0.846467799166667

00:23:59.034 --> 00:24:00.549 of the academic health System,

NOTE Confidence: 0.846467799166667

00:24:00.550 --> 00:24:01.730 Surgical services is broad.

NOTE Confidence: 0.846467799166667

00:24:01.730 --> 00:24:02.615 There are many,

NOTE Confidence: 0.846467799166667

00:24:02.620 --> 00:24:03.841 many department Dr.

NOTE Confidence: 0.846467799166667

00:24:03.841 --> 00:24:06.283 Goshen is our deputy CMO for

NOTE Confidence: 0.846467799166667

00:24:06.283 --> 00:24:08.209 surgical services working across

NOTE Confidence: 0.846467799166667

00:24:08.209 --> 00:24:10.619 the six Department of Surgery.

NOTE Confidence: 0.846467799166667

00:24:10.620 --> 00:24:10.917 Again,

NOTE Confidence: 0.846467799166667

00:24:10.917 --> 00:24:12.699 I'm not going to name the

NOTE Confidence: 0.846467799166667

00:24:12.699 --> 00:24:13.293 multiple recruitments,

NOTE Confidence: 0.846467799166667

00:24:13.300 --> 00:24:15.722 but they're here and the health system

NOTE Confidence: 0.846467799166667

00:24:15.722 --> 00:24:18.200 thing what has happened and this is.

NOTE Confidence: 0.846467799166667

00:24:18.200 --> 00:24:20.120 It kind of exciting is that we have

NOTE Confidence: 0.846467799166667

00:24:20.120 --> 00:24:22.337 been able to standardize some of the

NOTE Confidence: 0.846467799166667

00:24:22.337 --> 00:24:24.450 treatment delivery across the health system,

NOTE Confidence: 0.846467799166667

00:24:24.450 --> 00:24:26.480 especially in breast and some

NOTE Confidence: 0.846467799166667

00:24:26.480 --> 00:24:28.510 of the more structural works.

NOTE Confidence: 0.846467799166667

00:24:28.510 --> 00:24:29.470 I think looking ahead,

NOTE Confidence: 0.846467799166667

00:24:29.470 --> 00:24:31.286 this is about part of the theme

NOTE Confidence: 0.846467799166667

00:24:31.286 --> 00:24:32.566 of academic health system.

NOTE Confidence: 0.846467799166667

00:24:32.570 --> 00:24:35.705 How do we make sure that patients

NOTE Confidence: 0.846467799166667

00:24:35.705 --> 00:24:37.730 have access to surgical services

NOTE Confidence: 0.846467799166667

00:24:37.730 --> 00:24:39.350 in the health system?

NOTE Confidence: 0.846467799166667

00:24:39.350 --> 00:24:40.862 Doesn't make a lot of sense for

NOTE Confidence: 0.846467799166667

00:24:40.862 --> 00:24:42.550 surgeons to be going to these sites,

NOTE Confidence: 0.846467799166667

00:24:42.550 --> 00:24:44.188 but how do we think about that?

NOTE Confidence: 0.846467799166667

00:24:44.190 --> 00:24:46.395 That is an opportunity because

NOTE Confidence: 0.846467799166667

00:24:46.395 --> 00:24:48.886 when we look at smilow services.

NOTE Confidence: 0.846467799166667

00:24:48.886 --> 00:24:51.225 We are about 50% of the state,

NOTE Confidence: 0.846467799166667

00:24:51.225 --> 00:24:52.995 yet we look at surgical services

NOTE Confidence: 0.846467799166667

00:24:52.995 --> 00:24:54.909 across the six surgical department

NOTE Confidence: 0.846467799166667

00:24:54.909 --> 00:24:56.079 that's not congruent.

NOTE Confidence: 0.846467799166667

00:24:56.080 --> 00:24:58.171 We are only about 30% of the state,

NOTE Confidence: 0.846467799166667

00:24:58.171 --> 00:24:59.656 so there's an opportunity to

NOTE Confidence: 0.846467799166667

00:24:59.656 --> 00:25:01.359 grow our surgical services.

NOTE Confidence: 0.846467799166667

00:25:01.360 --> 00:25:03.901 There's a lot of destination programs that

NOTE Confidence: 0.846467799166667

00:25:03.901 --> 00:25:06.230 are being developed with multiple teams,

NOTE Confidence: 0.846467799166667

00:25:06.230 --> 00:25:07.889 and you can see all those things.

NOTE Confidence: 0.846467799166667

00:25:07.890 --> 00:25:09.234 We also need to think about

NOTE Confidence: 0.846467799166667

00:25:09.234 --> 00:25:10.320 how patients come to us,

NOTE Confidence: 0.846467799166667

00:25:10.320 --> 00:25:12.828 not only for trials but also

NOTE Confidence: 0.846467799166667

00:25:12.830 --> 00:25:14.432 novel treatment offerings.

NOTE Confidence: 0.846467799166667

00:25:14.432 --> 00:25:17.102 We've started the Hipec program

NOTE Confidence: 0.846467799166667

00:25:17.102 --> 00:25:19.490 with Alina Ratner and then.

NOTE Confidence: 0.846467799166667

00:25:19.490 --> 00:25:21.366 Our Division I just did a case

NOTE Confidence: 0.846467799166667

00:25:21.366 --> 00:25:23.519 last week for GI Surgical Oncology.

NOTE Confidence: 0.846467799166667

00:25:23.520 --> 00:25:25.350 How do we offer more advanced

NOTE Confidence: 0.846467799166667

00:25:25.350 --> 00:25:26.265 robotic cancer surgery?

NOTE Confidence: 0.846467799166667

00:25:26.270 --> 00:25:27.754 A lot of patients want to seek

NOTE Confidence: 0.846467799166667

00:25:27.754 --> 00:25:28.390 that out and

NOTE Confidence: 0.877241247333333

00:25:28.448 --> 00:25:30.224 so often those are the entries and we

NOTE Confidence: 0.877241247333333

00:25:30.224 --> 00:25:32.177 need to be really tactical on how we

NOTE Confidence: 0.877241247333333

00:25:32.177 --> 00:25:33.720 think about that for our patients.

NOTE Confidence: 0.877241247333333

00:25:33.720 --> 00:25:35.715 So they look here rather than going

NOTE Confidence: 0.877241247333333

00:25:35.715 --> 00:25:37.862 to New York. The last division is

NOTE Confidence: 0.877241247333333

00:25:37.862 --> 00:25:39.830 palliative care led by Jeff Capel,

NOTE Confidence: 0.877241247333333

00:25:39.830 --> 00:25:42.143 and they were able to get two Milbank grants,

NOTE Confidence: 0.877241247333333

00:25:42.150 --> 00:25:44.328 one to look at providing care,

NOTE Confidence: 0.877241247333333

00:25:44.330 --> 00:25:45.954 standardized care for palliative

NOTE Confidence: 0.877241247333333

00:25:45.954 --> 00:25:48.410 care services, and the Cancer Center.

NOTE Confidence: 0.877241247333333

00:25:48.410 --> 00:25:49.640 Also a dashboard.

NOTE Confidence: 0.877241247333333

00:25:49.640 --> 00:25:51.650 Development she general so is focused

NOTE Confidence: 0.877241247333333

00:25:51.650 --> 00:25:53.676 on developing a system right palliative

NOTE Confidence: 0.877241247333333

00:25:53.676 --> 00:25:56.180 care program and you can see her goals,

NOTE Confidence: 0.877241247333333

00:25:56.180 --> 00:25:58.378 which is to continue to build the

NOTE Confidence: 0.877241247333333

00:25:58.378 --> 00:25:59.845 ambulatory network for palliative

NOTE Confidence: 0.877241247333333

00:25:59.845 --> 00:26:00.779 care services.

NOTE Confidence: 0.877241247333333

00:26:00.780 --> 00:26:02.804 Because there is a huge need for how

NOTE Confidence: 0.877241247333333

00:26:02.804 --> 00:26:04.936 we think about that for our patients.

NOTE Confidence: 0.877241247333333

00:26:04.940 --> 00:26:07.510 Next slide.

NOTE Confidence: 0.877241247333333

00:26:07.510 --> 00:26:09.386 OK, I think you've heard all enough

NOTE Confidence: 0.877241247333333

00:26:09.386 --> 00:26:11.249 about this over the last few weeks.

NOTE Confidence: 0.877241247333333

00:26:11.250 --> 00:26:13.000 If you've been attending all of this,

NOTE Confidence: 0.877241247333333

00:26:13.000 --> 00:26:15.890 clearly are our clinical trials

NOTE Confidence: 0.877241247333333

00:26:15.890 --> 00:26:17.624 increased or dramatically?

NOTE Confidence: 0.877241247333333

00:26:17.630 --> 00:26:21.118 And then with the pandemic we had a.

NOTE Confidence: 0.877241247333333

00:26:21.120 --> 00:26:23.854 Shut down and now we are enrolling,

NOTE Confidence: 0.877241247333333

00:26:23.854 --> 00:26:26.612 but slowly as we have seen the

NOTE Confidence: 0.877241247333333

00:26:26.612 --> 00:26:27.400 labor disruption.

NOTE Confidence: 0.877241247333333

00:26:27.400 --> 00:26:28.954 This is what I want to stress.

NOTE Confidence: 0.877241247333333

00:26:28.960 --> 00:26:32.704 Here is what we are feeling is nationwide.

NOTE Confidence: 0.877241247333333

00:26:32.710 --> 00:26:35.167 If I look at all the Cancer

NOTE Confidence: 0.877241247333333

00:26:35.167 --> 00:26:36.220 Center director listservs,

NOTE Confidence: 0.877241247333333

00:26:36.220 --> 00:26:38.156 what we are seeing is every other center.

NOTE Confidence: 0.877241247333333

00:26:38.160 --> 00:26:41.100 So what I although it doesn't

NOTE Confidence: 0.877241247333333

00:26:41.100 --> 00:26:42.622 make the hard work easier,

NOTE Confidence: 0.877241247333333

00:26:42.622 --> 00:26:44.455 it just to recognize that what we

NOTE Confidence: 0.877241247333333

00:26:44.455 --> 00:26:45.853 are facing is something that the

NOTE Confidence: 0.877241247333333

00:26:45.853 --> 00:26:47.500 rest of the country is facing.

NOTE Confidence: 0.877241247333333

00:26:47.500 --> 00:26:49.677 I think part of the pieces that

NOTE Confidence: 0.877241247333333

00:26:49.680 --> 00:26:51.330 we're also doing in terms of.

NOTE Confidence: 0.877241247333333

00:26:51.330 --> 00:26:53.724 Thinking about is how do we deliver

NOTE Confidence: 0.877241247333333

00:26:53.724 --> 00:26:56.338 care in our darts or the Centers

NOTE Confidence: 0.877241247333333

00:26:56.338 --> 00:26:58.606 for Cancer care or vehicles for

NOTE Confidence: 0.877241247333333

00:26:58.686 --> 00:27:00.971 taking this tripartite mission and

NOTE Confidence: 0.877241247333333

00:27:00.971 --> 00:27:03.710 making it one patient at a time?

NOTE Confidence: 0.877241247333333

00:27:03.710 --> 00:27:05.636 And these are the cares the

NOTE Confidence: 0.877241247333333

00:27:05.636 --> 00:27:06.599 cancer care teams.

NOTE Confidence: 0.877241247333333

00:27:06.600 --> 00:27:08.586 Now some of them have been

NOTE Confidence: 0.877241247333333

00:27:08.586 --> 00:27:09.910 launched next slide formally,

NOTE Confidence: 0.877241247333333

00:27:09.910 --> 00:27:12.738 into thinking about all of the domains.

NOTE Confidence: 0.877241247333333

00:27:12.740 --> 00:27:15.449 So now thinking about the clinical teams,

NOTE Confidence: 0.877241247333333

00:27:15.450 --> 00:27:17.922 the research, the quality,

NOTE Confidence: 0.877241247333333

00:27:17.922 --> 00:27:19.776 the clinical trials,

NOTE Confidence: 0.877241247333333

00:27:19.780 --> 00:27:21.868 and this is Roy herbs in the long dream,

NOTE Confidence: 0.877241247333333

00:27:21.870 --> 00:27:22.790 which you can see it's.

NOTE Confidence: 0.877241247333333

00:27:22.790 --> 00:27:24.050 Truly multidisciplinary and you

NOTE Confidence: 0.877241247333333

00:27:24.050 --> 00:27:26.663 can see in the box all the services

NOTE Confidence: 0.877241247333333

00:27:26.663 --> 00:27:28.655 that go in delivering care services

NOTE Confidence: 0.877241247333333

00:27:28.655 --> 00:27:30.663 and also all the sites that have

NOTE Confidence: 0.877241247333333

00:27:30.663 --> 00:27:33.462 to think about it as we now have

NOTE Confidence: 0.877241247333333

00:27:33.462 --> 00:27:34.470 thoracics services.

NOTE Confidence: 0.877241247333333

00:27:34.470 --> 00:27:36.955 Cancer services in both Trumbull

NOTE Confidence: 0.877241247333333

00:27:36.955 --> 00:27:39.076 and Greenwich. Next slide.

NOTE Confidence: 0.877241247333333

00:27:39.076 --> 00:27:39.639 Similarly,

NOTE Confidence: 0.877241247333333

00:27:39.639 --> 00:27:42.454 Pam Kunz launched the Center

NOTE Confidence: 0.877241247333333

00:27:42.454 --> 00:27:44.290 for Gastrointestinal Cancers,

NOTE Confidence: 0.877241247333333

00:27:44.290 --> 00:27:46.346 and this is a large just in terms

NOTE Confidence: 0.877241247333333

00:27:46.346 --> 00:27:48.159 of thinking about GI cancers and

NOTE Confidence: 0.877241247333333

00:27:48.159 --> 00:27:50.013 has matrix with as a relationship

NOTE Confidence: 0.877241247333333

00:27:50.071 --> 00:27:51.817 with the digestive service line and

NOTE Confidence: 0.877241247333333

00:27:51.817 --> 00:27:54.574 you can see all the leaders and all

NOTE Confidence: 0.877241247333333

00:27:54.574 --> 00:27:56.158 the different specialty programs.

NOTE Confidence: 0.877241247333333

00:27:56.160 --> 00:27:57.294 Huge complex undertaking.

NOTE Confidence: 0.877241247333333

00:27:57.294 --> 00:27:59.562 I want to congratulate this team

NOTE Confidence: 0.877241247333333

00:27:59.562 --> 00:28:01.674 and working so inclusively across

NOTE Confidence: 0.877241247333333

00:28:01.674 --> 00:28:04.980 the entire system. Next slide.

NOTE Confidence: 0.877241247333333

00:28:04.980 --> 00:28:07.297 And then the breast team just launched.

NOTE Confidence: 0.877241247333333

00:28:07.300 --> 00:28:08.188 As you know,

NOTE Confidence: 0.877241247333333

00:28:08.188 --> 00:28:09.668 Doctor Lustberg joined us recently

NOTE Confidence: 0.877241247333333

00:28:09.668 --> 00:28:11.591 from the Ohio State and has already

NOTE Confidence: 0.877241247333333

00:28:11.591 --> 00:28:13.872 been busy at work and has been building

NOTE Confidence: 0.877241247333333

00:28:13.872 --> 00:28:15.780 an inclusive team for breast cancer,

NOTE Confidence: 0.877241247333333

00:28:15.780 --> 00:28:17.012 which as you know,

NOTE Confidence: 0.877241247333333

00:28:17.012 --> 00:28:20.190 is distributed throughout our care sites.

NOTE Confidence: 0.877241247333333

00:28:20.190 --> 00:28:21.870 Next slide.

NOTE Confidence: 0.877241247333333

00:28:21.870 --> 00:28:22.170 OK,

NOTE Confidence: 0.877241247333333

00:28:22.170 --> 00:28:23.970 the other one as I mentioned

NOTE Confidence: 0.877241247333333

00:28:23.970 --> 00:28:24.870 is this genevier

NOTE Confidence: 0.806033240909091

00:28:24.934 --> 00:28:28.024 fund. As you know we got a $5 million

NOTE Confidence: 0.806033240909091

00:28:28.030 --> 00:28:30.154 grant gift from Lewis and depression

NOTE Confidence: 0.806033240909091

00:28:30.154 --> 00:28:32.973 appear earlier in the year and we just

NOTE Confidence: 0.806033240909091

00:28:32.973 --> 00:28:34.695 announced the three leaders Jennifer

NOTE Confidence: 0.806033240909091

00:28:34.695 --> 00:28:36.570 Moliterno as a clinical director,

NOTE Confidence: 0.806033240909091

00:28:36.570 --> 00:28:39.062 Antonio Morrow as a clinical trials and

NOTE Confidence: 0.806033240909091

00:28:39.062 --> 00:28:41.369 Ranjit Bindra's or scientific director

NOTE Confidence: 0.806033240909091

00:28:41.370 --> 00:28:43.580 and thinking about destination program.

NOTE Confidence: 0.806033240909091

00:28:43.580 --> 00:28:46.124 And also as we launch our

NOTE Confidence: 0.806033240909091

00:28:46.124 --> 00:28:48.809 neurosciences tower at SRC next slide.

NOTE Confidence: 0.806033240909091

00:28:48.810 --> 00:28:50.650 Now, why you know the how of what

NOTE Confidence: 0.806033240909091

00:28:50.650 --> 00:28:52.587 we do and what does it result?

NOTE Confidence: 0.806033240909091

00:28:52.590 --> 00:28:53.850 And if you look at it again,

NOTE Confidence: 0.806033240909091

00:28:53.850 --> 00:28:55.866 back to this network and how do we make

NOTE Confidence: 0.806033240909091

00:28:55.866 --> 00:28:58.173 it academic and how do we think about it?

NOTE Confidence: 0.806033240909091

00:28:58.180 --> 00:29:00.172 It's still relatively young

NOTE Confidence: 0.806033240909091

00:29:00.172 --> 00:29:02.164 as our integrated system,

NOTE Confidence: 0.806033240909091

00:29:02.170 --> 00:29:04.594 but we treat roughly 50% of our

NOTE Confidence: 0.806033240909091

00:29:04.594 --> 00:29:06.329 patients diagnosed in this state,

NOTE Confidence: 0.806033240909091

00:29:06.330 --> 00:29:08.472 and I think the part which I've

NOTE Confidence: 0.806033240909091

00:29:08.472 --> 00:29:10.388 mentioned that patients want to be

NOTE Confidence: 0.806033240909091

00:29:10.388 --> 00:29:12.260 seen especially for you know their

NOTE Confidence: 0.806033240909091

00:29:12.260 --> 00:29:14.189 day-to-day needs within closer to home.

NOTE Confidence: 0.806033240909091

00:29:14.190 --> 00:29:16.234 They may want to come for their

NOTE Confidence: 0.806033240909091

00:29:16.234 --> 00:29:17.110 complicated surgery here,

NOTE Confidence: 0.806033240909091

00:29:17.110 --> 00:29:18.830 but for the day today.

NOTE Confidence: 0.806033240909091

00:29:18.830 --> 00:29:20.916 I think thinking from a patient perspective,

NOTE Confidence: 0.806033240909091

00:29:20.920 --> 00:29:22.705 they want that care closer to home.

NOTE Confidence: 0.806033240909091

00:29:22.710 --> 00:29:25.054 So the goal is to get that smilow

NOTE Confidence: 0.806033240909091

00:29:25.054 --> 00:29:26.400 center within 30 minutes,

NOTE Confidence: 0.806033240909091

00:29:26.400 --> 00:29:28.542 and so they have 16 locations across

NOTE Confidence: 0.806033240909091

00:29:28.542 --> 00:29:30.470 Connecticut and Rhode Island next slide.

NOTE Confidence: 0.952684493333333

00:29:32.530 --> 00:29:33.826 So this is a great story.

NOTE Confidence: 0.952684493333333

00:29:33.830 --> 00:29:35.615 I love stories because I think stories

NOTE Confidence: 0.952684493333333

00:29:35.615 --> 00:29:37.368 stick with us more than you know,

NOTE Confidence: 0.952684493333333

00:29:37.370 --> 00:29:39.860 a bunch of factoids and dashboards.

NOTE Confidence: 0.952684493333333

00:29:39.860 --> 00:29:42.149 So Captain Simon is serves in the

NOTE Confidence: 0.952684493333333

00:29:42.149 --> 00:29:44.494 in the public health service and

NOTE Confidence: 0.952684493333333

00:29:44.494 --> 00:29:46.649 was diagnosed with multiple myeloma

NOTE Confidence: 0.952684493333333

00:29:46.649 --> 00:29:50.460 and was treated by Jason. How this?

NOTE Confidence: 0.952684493333333

00:29:50.460 --> 00:29:53.236 Atwater Ford and he needed a stem cell

NOTE Confidence: 0.952684493333333

00:29:53.236 --> 00:29:55.470 transplant and Jason contact it's two

NOTE Confidence: 0.952684493333333

00:29:55.470 --> 00:29:58.068 seropian who brought him here and he

NOTE Confidence: 0.952684493333333

00:29:58.068 --> 00:30:00.364 had his transplant and peace and was

NOTE Confidence: 0.952684493333333

00:30:00.364 --> 00:30:03.330 taken care of by the team and NP7.

NOTE Confidence: 0.952684493333333

00:30:03.330 --> 00:30:04.688 And then he's gone back to water

NOTE Confidence: 0.952684493333333

00:30:04.688 --> 00:30:06.160 Ford to get the rest of secure.

NOTE Confidence: 0.952684493333333

00:30:06.160 --> 00:30:08.257 I mean, that seems that's the kind I mean.

NOTE Confidence: 0.952684493333333

00:30:08.260 --> 00:30:09.290 We want more of this.

NOTE Confidence: 0.952684493333333

00:30:09.290 --> 00:30:11.117 It's not easy, but then it happens.

NOTE Confidence: 0.952684493333333

00:30:11.120 --> 00:30:13.164 It's like the right thing to do

NOTE Confidence: 0.952684493333333

00:30:13.164 --> 00:30:14.868 because you know, he got the majority

NOTE Confidence: 0.952684493333333

00:30:14.868 --> 00:30:16.110 of his care closer to home,

NOTE Confidence: 0.952684493333333

00:30:16.110 --> 00:30:17.839 but when he needed the complicated stuff,

NOTE Confidence: 0.952684493333333

00:30:17.840 --> 00:30:19.598 he came here to New Haven.

NOTE Confidence: 0.952684493333333

00:30:19.600 --> 00:30:20.170 Next slide.

NOTE Confidence: 0.9342354

00:30:23.130 --> 00:30:25.423 OK, so the other part of our care

NOTE Confidence: 0.9342354

00:30:25.423 --> 00:30:27.463 centers just some facts which I think

NOTE Confidence: 0.9342354

00:30:27.463 --> 00:30:29.769 it's always are good to know if you

NOTE Confidence: 0.9342354

00:30:29.769 --> 00:30:31.905 think about why NHH and Yale School of

NOTE Confidence: 0.9342354

00:30:31.910 --> 00:30:34.325 Medicine 8% of our people across our

NOTE Confidence: 0.9342354

00:30:34.325 --> 00:30:36.520 School of Medicine and the hospital

NOTE Confidence: 0.9342354

00:30:36.520 --> 00:30:38.698 come for access to clinical trials.

NOTE Confidence: 0.9342354

00:30:38.700 --> 00:30:40.610 That's not just in cancer,

NOTE Confidence: 0.9342354

00:30:40.610 --> 00:30:42.908 but if you look in cancer,

NOTE Confidence: 0.9342354

00:30:42.910 --> 00:30:44.625 25% of patients are in clinical trials.

NOTE Confidence: 0.9342354

00:30:44.630 --> 00:30:46.796 That's a pretty petty in our

NOTE Confidence: 0.9342354

00:30:46.796 --> 00:30:49.226 care sites and then care centers

NOTE Confidence: 0.9342354

00:30:49.226 --> 00:30:50.810 deliver 40% of our cancer care.

NOTE Confidence: 0.9342354

00:30:50.810 --> 00:30:52.284 So I think you get the idea that

NOTE Confidence: 0.9342354

00:30:52.284 --> 00:30:53.526 a lot of patients are patients.

NOTE Confidence: 0.9342354

00:30:53.530 --> 00:30:55.539 Are being treated on these care centers,

NOTE Confidence: 0.9342354

00:30:55.540 --> 00:30:57.868 but how do we improve upon as the

NOTE Confidence: 0.9342354

00:30:57.868 --> 00:31:00.117 next generation is we think about the

NOTE Confidence: 0.9342354

00:31:00.117 --> 00:31:02.120 evolution of the karcist centers that

NOTE Confidence: 0.9342354

00:31:02.120 --> 00:31:04.148 came together by consolidation of a

NOTE Confidence: 0.9342354

00:31:04.148 --> 00:31:06.154 lot of services. I mentioned already.

NOTE Confidence: 0.9342354

00:31:06.154 --> 00:31:08.122 How do we provide advanced services?

NOTE Confidence: 0.9342354

00:31:08.130 --> 00:31:09.526 Whether it's therapeutic radiology,

NOTE Confidence: 0.9342354

00:31:09.526 --> 00:31:10.922 whether it's palliative care

NOTE Confidence: 0.9342354

00:31:10.922 --> 00:31:12.080 or surgical services,

NOTE Confidence: 0.9342354

00:31:12.080 --> 00:31:15.391 how do we use telehealth more strategically?

NOTE Confidence: 0.9342354

00:31:15.391 --> 00:31:18.119 And I think also what we need to

NOTE Confidence: 0.9342354

00:31:18.119 --> 00:31:20.719 do is how do we highlight what is

NOTE Confidence: 0.9342354

00:31:20.719 --> 00:31:23.030 the strength of an academic system?

NOTE Confidence: 0.9342354

00:31:23.030 --> 00:31:25.860 Why is a good pathology?

NOTE Confidence: 0.9342354

00:31:25.860 --> 00:31:27.620 Diagnosis the right diagnosis

NOTE Confidence: 0.9342354

00:31:27.620 --> 00:31:29.380 and right staging important.

NOTE Confidence: 0.9342354

00:31:29.380 --> 00:31:31.326 It has an impact if you don't

NOTE Confidence: 0.9342354

00:31:31.326 --> 00:31:33.396 stage a person right the right time

NOTE Confidence: 0.9342354

00:31:33.396 --> 00:31:35.400 you can't go back and fix it.

NOTE Confidence: 0.9342354

00:31:35.400 --> 00:31:37.216 So I think this is something we need

NOTE Confidence: 0.9342354

00:31:37.216 --> 00:31:39.431 to do when we talk to our patients and

NOTE Confidence: 0.9342354

00:31:39.431 --> 00:31:41.627 our app work to highlight what is the

NOTE Confidence: 0.9342354

00:31:41.627 --> 00:31:43.376 value of an academic health system.

NOTE Confidence: 0.9342354

00:31:43.376 --> 00:31:45.728 Yes, clearly we want to have easy

NOTE Confidence: 0.9342354

00:31:45.728 --> 00:31:47.498 access but also what do we?

NOTE Confidence: 0.9342354

00:31:47.500 --> 00:31:48.900 What do we do?

NOTE Confidence: 0.9342354

00:31:48.900 --> 00:31:50.300 That's a differentiator from,

NOTE Confidence: 0.9342354

00:31:50.300 --> 00:31:52.526 say, the others in the market is

NOTE Confidence: 0.9342354

00:31:52.526 --> 00:31:54.222 something that really needs to

NOTE Confidence: 0.9342354

00:31:54.222 --> 00:31:55.907 be something that our patients.

NOTE Confidence: 0.9342354

00:31:55.910 --> 00:31:58.514 And our referring physicians

NOTE Confidence: 0.9342354

00:31:58.514 --> 00:32:01.769 and teams understand next slide.

NOTE Confidence: 0.9342354

00:32:01.770 --> 00:32:02.129 Right,

NOTE Confidence: 0.9342354

00:32:02.129 --> 00:32:04.283 this is all the recruitments we've

NOTE Confidence: 0.9342354

00:32:04.283 --> 00:32:06.500 seen this over in in Renee's weekly

NOTE Confidence: 0.9342354

00:32:06.500 --> 00:32:08.750 and in my monthly town halls

NOTE Confidence: 0.9342354

00:32:08.750 --> 00:32:10.590 and over the past year.

NOTE Confidence: 0.9342354

00:32:10.590 --> 00:32:11.248 But someone,

NOTE Confidence: 0.9342354

00:32:11.248 --> 00:32:13.551 some folks to point out is Doctor

NOTE Confidence: 0.9342354

00:32:13.551 --> 00:32:15.693 Isaac Kim who just joined us in

NOTE Confidence: 0.9342354

00:32:15.693 --> 00:32:17.619 October as the chair of Urology.

NOTE Confidence: 0.9342354

00:32:17.620 --> 00:32:20.020 Doctor Kim is a physician scientist.

NOTE Confidence: 0.9342354

00:32:20.020 --> 00:32:22.540 He joined us from Rutgers where he led

NOTE Confidence: 0.9342354

00:32:22.540 --> 00:32:24.720 the division of Urology and Clinical.

NOTE Confidence: 0.9342354

00:32:24.720 --> 00:32:26.748 He's an expert and robotic prostate,

NOTE Confidence: 0.9342354

00:32:26.750 --> 00:32:28.446 so bringing that destination,

NOTE Confidence: 0.9342354

00:32:28.446 --> 00:32:30.566 clinical expertise and research he

NOTE Confidence: 0.9342354

00:32:30.566 --> 00:32:32.969 does has been developing treatments.

NOTE Confidence: 0.9342354

00:32:32.970 --> 00:32:34.320 Or press resistant.

NOTE Confidence: 0.9342354

00:32:34.320 --> 00:32:36.120 Treatment resistant prostate cancers

NOTE Confidence: 0.9342354

00:32:36.120 --> 00:32:38.467 using pro tech modality which I

NOTE Confidence: 0.9342354

00:32:38.467 --> 00:32:40.637 know you've heard a lot from Joe

NOTE Confidence: 0.9342354

00:32:40.709 --> 00:32:42.816 Kim and Dan Patrick and Roy and

NOTE Confidence: 0.9342354

00:32:42.816 --> 00:32:44.656 others in the other recruits.

NOTE Confidence: 0.9342354

00:32:44.656 --> 00:32:46.960 Here to point out these continuous

NOTE Confidence: 0.9342354

00:32:47.033 --> 00:32:49.379 Dr Krishnamurthy who also just joined

NOTE Confidence: 0.9342354

00:32:49.379 --> 00:32:51.957 us recently as Chief of Pediatric

NOTE Confidence: 0.9342354

00:32:51.957 --> 00:32:55.076 Oncology from memory and he brings an

NOTE Confidence: 0.9342354

00:32:55.076 --> 00:32:59.529 expert in BMT and really excited to have him.

NOTE Confidence: 0.9342354

00:32:59.530 --> 00:33:01.287 You can see the rest both Tomahawk,

NOTE Confidence: 0.9342354

00:33:01.290 --> 00:33:03.610 the world who has done the world's first.

NOTE Confidence: 0.9342354

00:33:03.610 --> 00:33:05.460 This nation's first face transplant,

NOTE Confidence: 0.9342354

00:33:05.460 --> 00:33:06.468 but it's, uh,

NOTE Confidence: 0.9342354

00:33:06.468 --> 00:33:07.476 his daytime job?

NOTE Confidence: 0.9342354

00:33:07.480 --> 00:33:09.364 Is cancer reconstructive services

NOTE Confidence: 0.9342354

00:33:09.364 --> 00:33:10.777 is also here,

NOTE Confidence: 0.9342354

00:33:10.780 --> 00:33:13.657 from Brigham and I mentioned Dr Mandel,

NOTE Confidence: 0.9342354

00:33:13.660 --> 00:33:15.502 who's here from the Ohio State

NOTE Confidence: 0.9342354

00:33:15.502 --> 00:33:16.730 and leading probably one

NOTE Confidence: 0.821288381333333

00:33:16.788 --> 00:33:18.238 of the world's or nations,

NOTE Confidence: 0.821288381333333

00:33:18.240 --> 00:33:20.028 exported spinal oncology and

NOTE Confidence: 0.821288381333333

00:33:20.028 --> 00:33:21.369 recruited from neurosurgery.

NOTE Confidence: 0.926715635

00:33:23.850 --> 00:33:25.365 OK, so switching gears to

NOTE Confidence: 0.926715635

00:33:25.365 --> 00:33:26.880 some of our research mission.

NOTE Confidence: 0.926715635

00:33:26.880 --> 00:33:28.976 I spent a lot of time on the.

NOTE Confidence: 0.926715635

00:33:28.980 --> 00:33:31.002 Clinical mission on switching gears to

NOTE Confidence: 0.926715635

00:33:31.002 --> 00:33:32.998 our research mission and as we know,

NOTE Confidence: 0.926715635

00:33:33.000 --> 00:33:36.003 we are a comprehensive Cancer Center which

NOTE Confidence: 0.926715635

00:33:36.003 --> 00:33:38.429 means we're supported by a CCSG grant.

NOTE Confidence: 0.9122745

00:33:41.940 --> 00:33:44.333 And we have 300 full-time members of the

NOTE Confidence: 0.9122745

00:33:44.333 --> 00:33:46.879 grant needs a lot of work to manage it,

NOTE Confidence: 0.9122745

00:33:46.880 --> 00:33:49.360 and that work is done by Bob Garofalo,

NOTE Confidence: 0.9122745

00:33:49.360 --> 00:33:51.580 who has been leading the CCSD.

NOTE Confidence: 0.9122745

00:33:51.580 --> 00:33:53.380 Granted all of the administrative

NOTE Confidence: 0.9122745

00:33:53.380 --> 00:33:55.254 workload for us since 2015.

NOTE Confidence: 0.9122745

00:33:55.254 --> 00:33:57.858 He let us through a renewal.

NOTE Confidence: 0.9122745

00:33:57.860 --> 00:34:00.450 Bob is stepping down and add captain,

NOTE Confidence: 0.9122745

00:34:00.450 --> 00:34:03.267 who you all know will be taken over as

NOTE Confidence: 0.9122745

00:34:03.267 --> 00:34:05.322 associate Director for Research Affairs

NOTE Confidence: 0.9122745

00:34:05.322 --> 00:34:07.396 on January 1st for the next year.

NOTE Confidence: 0.9122745

00:34:07.400 --> 00:34:09.104 You can see their goals to

NOTE Confidence: 0.9122745

00:34:09.104 --> 00:34:10.240 continue to improve infrastructure,

NOTE Confidence: 0.9122745

00:34:10.240 --> 00:34:12.016 operational efficiency, and.

NOTE Confidence: 0.9122745

00:34:12.016 --> 00:34:15.568 Help leader re submission next slide.

NOTE Confidence: 0.9122745

00:34:15.570 --> 00:34:18.330 OK, this kind of graph speaks to itself.

NOTE Confidence: 0.9122745

00:34:18.330 --> 00:34:20.430 I think nice steady growth

NOTE Confidence: 0.9122745

00:34:20.430 --> 00:34:21.690 over grant funding.

NOTE Confidence: 0.9122745

00:34:21.690 --> 00:34:23.502 Important point to point out is

NOTE Confidence: 0.9122745

00:34:23.502 --> 00:34:25.579 our NIH NCI funding or cancer

NOTE Confidence: 0.9122745

00:34:25.579 --> 00:34:27.195 specific funding has increased.

NOTE Confidence: 0.877616086666667

00:34:29.700 --> 00:34:31.848 We also had these research programs.

NOTE Confidence: 0.877616086666667

00:34:31.850 --> 00:34:33.194 I'm not going to talk about them,

NOTE Confidence: 0.877616086666667

00:34:33.200 --> 00:34:35.405 but I think just to see out that these

NOTE Confidence: 0.877616086666667

00:34:35.405 --> 00:34:37.436 six research program represents our

NOTE Confidence: 0.877616086666667

00:34:37.436 --> 00:34:39.794 efforts for framework for engaging all

NOTE Confidence: 0.877616086666667

00:34:39.794 --> 00:34:42.678 of our Members in high impact science.

NOTE Confidence: 0.877616086666667

00:34:42.680 --> 00:34:43.750 So again, it's team work,

NOTE Confidence: 0.877616086666667

00:34:43.750 --> 00:34:46.126 similar to what we said on the clinical

NOTE Confidence: 0.877616086666667

00:34:46.126 --> 00:34:48.662 side in each program is often led

NOTE Confidence: 0.877616086666667

00:34:48.662 --> 00:34:51.541 by either by multiple leaders that

NOTE Confidence: 0.877616086666667

00:34:51.541 --> 00:34:53.506 bring complementary experience.

NOTE Confidence: 0.877616086666667

00:34:53.510 --> 00:34:55.687 And also, I think what the goal

NOTE Confidence: 0.877616086666667

00:34:55.687 --> 00:34:58.249 is to have synergy between them.

NOTE Confidence: 0.877616086666667

00:34:58.250 --> 00:35:00.161 And then in each of these programs

NOTE Confidence: 0.877616086666667

00:35:00.161 --> 00:35:02.111 thinks about how do you mentor

NOTE Confidence: 0.877616086666667

00:35:02.111 --> 00:35:03.547 new investigators and ultimately,

NOTE Confidence: 0.877616086666667

00:35:03.550 --> 00:35:06.010 how do we improve the number

NOTE Confidence: 0.877616086666667

00:35:06.010 --> 00:35:07.650 of teen science awards?

NOTE Confidence: 0.877616086666667

00:35:07.650 --> 00:35:11.745 That are going across our cancer centers.

NOTE Confidence: 0.877616086666667

00:35:11.750 --> 00:35:15.026 One of the successes is this,

NOTE Confidence: 0.877616086666667

00:35:15.030 --> 00:35:18.030 which is the the Doral trial?

NOTE Confidence: 0.877616086666667

00:35:18.030 --> 00:35:20.291 Which was led by Boy Herbs and

NOTE Confidence: 0.877616086666667

00:35:20.291 --> 00:35:21.885 the correlative work for this

NOTE Confidence: 0.877616086666667

00:35:21.885 --> 00:35:23.285 by done by Katy Perry.

NOTE Confidence: 0.877616086666667

00:35:23.290 --> 00:35:25.180 And this is for EGFR mutated

NOTE Confidence: 0.877616086666667

00:35:25.180 --> 00:35:26.970 non small cell lung cancer.

NOTE Confidence: 0.877616086666667

00:35:26.970 --> 00:35:28.675 Anything the Kaplan Meier for

NOTE Confidence: 0.877616086666667

00:35:28.675 --> 00:35:30.839 the folks who could see it is.

NOTE Confidence: 0.877616086666667

00:35:30.840 --> 00:35:32.178 You can see when you're treated

NOTE Confidence: 0.877616086666667

00:35:32.178 --> 00:35:33.649 with this new drug was merited,

NOTE Confidence: 0.877616086666667

00:35:33.650 --> 00:35:36.310 which is an EGFR receptor.

NOTE Confidence: 0.877616086666667

00:35:36.310 --> 00:35:38.296 You can see the improvement in

NOTE Confidence: 0.877616086666667

00:35:38.296 --> 00:35:40.634 survival from placebo from 61% to 97%.

NOTE Confidence: 0.877616086666667

00:35:40.634 --> 00:35:43.000 I think that graph speaks for itself

NOTE Confidence: 0.877616086666667

00:35:43.077 --> 00:35:46.005 and that this is a great trial in

NOTE Confidence: 0.877616086666667

00:35:46.005 --> 00:35:47.953 improving outcomes for our stage

NOTE Confidence: 0.877616086666667

00:35:47.953 --> 00:35:49.848 two and three eight patients.

NOTE Confidence: 0.877616086666667

00:35:49.850 --> 00:35:51.894 But also says that how I think.

NOTE Confidence: 0.877616086666667

00:35:51.900 --> 00:35:53.490 What this highlights is how the

NOTE Confidence: 0.877616086666667

00:35:53.490 --> 00:35:54.918 clinical team and the translational

NOTE Confidence: 0.877616086666667

00:35:54.918 --> 00:35:57.088 teams and all the teams are working

NOTE Confidence: 0.877616086666667

00:35:57.088 --> 00:35:58.919 together and how we what we do here,

NOTE Confidence: 0.877616086666667

00:35:58.920 --> 00:36:01.212 then changes clinical management

NOTE Confidence: 0.877616086666667

00:36:01.212 --> 00:36:04.077 across the country next slide.

NOTE Confidence: 0.877616086666667

00:36:04.080 --> 00:36:05.620 Lots and lots of awards.

NOTE Confidence: 0.877616086666667

00:36:05.620 --> 00:36:07.717 I think we can probably can't cover them all,

NOTE Confidence: 0.877616086666667

00:36:07.720 --> 00:36:10.590 but some few ones to think about

NOTE Confidence: 0.877616086666667

00:36:10.590 --> 00:36:12.770 as highlight or obviously.

NOTE Confidence: 0.877616086666667

00:36:12.770 --> 00:36:14.636 Two people who got inducted into

NOTE Confidence: 0.877616086666667

00:36:14.636 --> 00:36:16.390 the National Academy of Science,

NOTE Confidence: 0.877616086666667

00:36:16.390 --> 00:36:17.975 doctor Liping Chen and Scott

NOTE Confidence: 0.877616086666667

00:36:17.975 --> 00:36:18.926 Miller were inducted,

NOTE Confidence: 0.877616086666667

00:36:18.930 --> 00:36:20.610 which is one of the highest

NOTE Confidence: 0.877616086666667

00:36:20.610 --> 00:36:21.730 honors in the country,

NOTE Confidence: 0.877616086666667

00:36:21.730 --> 00:36:23.765 along with National Academy of

NOTE Confidence: 0.877616086666667

00:36:23.765 --> 00:36:25.800 Medicine doctor Marcella Nunez Smith.

NOTE Confidence: 0.877616086666667

00:36:25.800 --> 00:36:27.450 You can see Pankun Scott,

NOTE Confidence: 0.877616086666667

00:36:27.450 --> 00:36:29.262 woman oncologists at the year and

NOTE Confidence: 0.877616086666667

00:36:29.262 --> 00:36:31.550 that led to a lot of national

NOTE Confidence: 0.877616086666667

00:36:31.550 --> 00:36:33.410 excitement over pants.

NOTE Confidence: 0.938774228

00:36:35.490 --> 00:36:38.160 Support on this next slide.

NOTE Confidence: 0.938774228

00:36:38.160 --> 00:36:40.638 OK, so talking about our associate director,

NOTE Confidence: 0.938774228

00:36:40.640 --> 00:36:44.064 Doctor Mark Lemon runs the is the associate

NOTE Confidence: 0.938774228

00:36:44.064 --> 00:36:46.798 director of basic science research.

NOTE Confidence: 0.938774228

00:36:46.800 --> 00:36:49.712 And as as I mentioned,

NOTE Confidence: 0.938774228

00:36:49.712 --> 00:36:51.044 the Cancer Biology Institute

NOTE Confidence: 0.938774228

00:36:51.044 --> 00:36:52.779 is on the West campus.

NOTE Confidence: 0.938774228

00:36:52.780 --> 00:36:54.691 He's been able to recruit six members

NOTE Confidence: 0.938774228

00:36:54.691 --> 00:36:56.699 who were really in fostering research.

NOTE Confidence: 0.938774228

00:36:56.700 --> 00:36:58.916 The goal here is to foster basic science

NOTE Confidence: 0.938774228

00:36:58.916 --> 00:37:01.082 and bring it to a translational end.

NOTE Confidence: 0.938774228

00:37:01.082 --> 00:37:04.138 And you can see the Doctor Lemons goals

NOTE Confidence: 0.938774228

00:37:04.138 --> 00:37:07.446 for the next year to help Foster continued

NOTE Confidence: 0.938774228

00:37:07.446 --> 00:37:10.579 part of this translational research.

NOTE Confidence: 0.938774228

00:37:10.580 --> 00:37:12.668 And how do you work across the other

NOTE Confidence: 0.938774228

00:37:12.670 --> 00:37:14.295 associate directors in data science

NOTE Confidence: 0.938774228

00:37:14.295 --> 00:37:16.914 and which I know is an area that

NOTE Confidence: 0.938774228

00:37:16.914 --> 00:37:18.768 Doctor Lemon is really focused on.

NOTE Confidence: 0.938774228

00:37:18.770 --> 00:37:21.395 Because as we know that genomics is

NOTE Confidence: 0.938774228

00:37:21.395 --> 00:37:24.088 becoming part and parcel of our lights.

NOTE Confidence: 0.938774228

00:37:24.090 --> 00:37:29.096 Next OK, so the next program dot Roy Herbst,

NOTE Confidence: 0.938774228

00:37:29.100 --> 00:37:30.208 also runs the translation

NOTE Confidence: 0.938774228

00:37:30.208 --> 00:37:31.593 and clinical research as the

NOTE Confidence: 0.938774228

00:37:31.593 --> 00:37:32.910 Associate Cancer Center director,

NOTE Confidence: 0.938774228

00:37:32.910 --> 00:37:35.580 and here they focused very successfully.

NOTE Confidence: 0.938774228

00:37:35.580 --> 00:37:39.108 Used the tier team science mechanism

NOTE Confidence: 0.938774228

00:37:39.110 --> 00:37:40.610 and also are fostering this too,

NOTE Confidence: 0.938774228

00:37:40.610 --> 00:37:43.520 for leading to spores NPO ones I know.

NOTE Confidence: 0.938774228

00:37:43.520 --> 00:37:45.680 He would be very excited and as I

NOTE Confidence: 0.938774228

00:37:45.754 --> 00:37:47.890 might to mention that the diversity

NOTE Confidence: 0.938774228

00:37:47.890 --> 00:37:50.788 training both in a T32 program as well

NOTE Confidence: 0.938774228

00:37:50.788 --> 00:37:52.990 as the BMS diversity program which

NOTE Confidence: 0.938774228

00:37:53.064 --> 00:37:55.279 is led by Nabi Fast for next year.

NOTE Confidence: 0.938774228

00:37:55.280 --> 00:37:56.488 Of course I think.

NOTE Confidence: 0.938774228

00:37:56.488 --> 00:37:58.300 We would all agree that improving

NOTE Confidence: 0.938774228

00:37:58.365 --> 00:38:00.800 optimizing the CTO office is critical

NOTE Confidence: 0.938774228

00:38:00.800 --> 00:38:03.250 along with submitting at least

NOTE Confidence: 0.938774228

00:38:03.250 --> 00:38:06.329 one news for grant next slide.

NOTE Confidence: 0.938774228

00:38:06.330 --> 00:38:08.004 These are all the drug approvals

NOTE Confidence: 0.938774228

00:38:08.004 --> 00:38:10.109 that have led from Yale LED studies.

NOTE Confidence: 0.938774228

00:38:10.110 --> 00:38:11.980 Kind of highlighting our continued

NOTE Confidence: 0.938774228

00:38:11.980 --> 00:38:15.190 success in this arena, except.

NOTE Confidence: 0.938774228

00:38:15.190 --> 00:38:16.370 And then for the C2,

NOTE Confidence: 0.938774228

00:38:16.370 --> 00:38:18.394 I think many of you've seen this slide,

NOTE Confidence: 0.938774228

00:38:18.400 --> 00:38:21.354 but as part of improved optimizing and

NOTE Confidence: 0.938774228

00:38:21.354 --> 00:38:23.120 acknowledging our distributed system,

NOTE Confidence: 0.938774228

00:38:23.120 --> 00:38:25.526 we've announced two more medical directors,

NOTE Confidence: 0.938774228

00:38:25.530 --> 00:38:27.930 Stacy Stein and Neil Fishback,

NOTE Confidence: 0.938774228

00:38:27.930 --> 00:38:29.064 along with Stephanie.

NOTE Confidence: 0.938774228

00:38:29.064 --> 00:38:30.954 Hillary, who runs the labs.

NOTE Confidence: 0.938774228

00:38:30.960 --> 00:38:33.396 Alyssa Gateman is our interim director

NOTE Confidence: 0.938774228

00:38:33.396 --> 00:38:36.243 for the C2 office and Margaret Gil

NOTE Confidence: 0.938774228

00:38:36.243 --> 00:38:39.442 Shannon came on full time as part of the

NOTE Confidence: 0.938774228

00:38:39.442 --> 00:38:42.060 Cancer Center as their new deputy director.

NOTE Confidence: 0.938774228

00:38:42.060 --> 00:38:43.772 And then I think you've all heard that

NOTE Confidence: 0.938774228

00:38:43.772 --> 00:38:45.655 urine is helping us to see how do we do?

NOTE Confidence: 0.938774228

00:38:45.660 --> 00:38:48.378 Things more in optimized way without

NOTE Confidence: 0.938774228

00:38:48.378 --> 00:38:51.450 improving our infrastructure excellent.

NOTE Confidence: 0.938774228

00:38:51.450 --> 00:38:52.434 And then these centers,

NOTE Confidence: 0.938774228

00:38:52.434 --> 00:38:52.926 I think,

NOTE Confidence: 0.938774228

00:38:52.930 --> 00:38:54.620 are also important bridges that

NOTE Confidence: 0.938774228

00:38:54.620 --> 00:38:56.929 think about our darks and how do

NOTE Confidence: 0.938774228

00:38:56.929 --> 00:38:58.868 we then continue to engage in this.

NOTE Confidence: 0.938774228

00:38:58.870 --> 00:39:01.872 Once we called matrix and how do we recruit

NOTE Confidence: 0.938774228

00:39:01.872 --> 00:39:04.126 new people and have them be successful?

NOTE Confidence: 0.938774228

00:39:04.130 --> 00:39:06.030 So I mentioned Cancer Biology

NOTE Confidence: 0.938774228

00:39:06.030 --> 00:39:07.550 Institute as one example.

NOTE Confidence: 0.938774228

00:39:07.550 --> 00:39:09.750 We will also mention CMCO

NOTE Confidence: 0.938774228

00:39:09.750 --> 00:39:11.070 Marcus missions program.

NOTE Confidence: 0.938774228

00:39:11.070 --> 00:39:13.062 He just recruited David Braman was

NOTE Confidence: 0.938774228

00:39:13.062 --> 00:39:15.597 going to focus on renal cancers and

NOTE Confidence: 0.938774228

00:39:15.597 --> 00:39:17.746 you can see all the copper program.

NOTE Confidence: 0.938774228

00:39:17.750 --> 00:39:20.048 It's very successful and I want

NOTE Confidence: 0.938774228

00:39:20.048 --> 00:39:22.480 to point out by CIO which.

NOTE Confidence: 0.938774228

00:39:22.480 --> 00:39:24.188 It's launched as a bridge was launched

NOTE Confidence: 0.938774228

00:39:24.188 --> 00:39:26.249 as a bridge program several years ago,

NOTE Confidence: 0.938774228

00:39:26.250 --> 00:39:29.478 and as between the Cancer Center

NOTE Confidence: 0.938774228

00:39:29.478 --> 00:39:30.554 and Immunobiology,

NOTE Confidence: 0.938774228

00:39:30.560 --> 00:39:32.821 and Marcus was appointed as the full

NOTE Confidence: 0.938774228

00:39:32.821 --> 00:39:34.399 time director recently this year.

NOTE Confidence: 0.938774228

00:39:34.400 --> 00:39:36.200 Next slide.

NOTE Confidence: 0.938774228

00:39:36.200 --> 00:39:39.016 So our 84 population and then the sports,

NOTE Confidence: 0.938774228

00:39:39.020 --> 00:39:41.281 which I think you can see the

NOTE Confidence: 0.938774228

00:39:41.281 --> 00:39:42.250 data for itself,

NOTE Confidence: 0.8895491875

00:39:42.250 --> 00:39:43.867 how much funding they bring in the

NOTE Confidence: 0.8895491875

00:39:43.867 --> 00:39:45.200 leaders of these three scores.

NOTE Confidence: 0.8895491875

00:39:45.200 --> 00:39:46.796 And I think you've heard that there's

NOTE Confidence: 0.8895491875

00:39:46.796 --> 00:39:48.877 goals to at least put one or two new

NOTE Confidence: 0.8895491875

00:39:48.877 --> 00:39:50.519 sports for the upcoming year next week.

NOTE Confidence: 0.793062029523809

00:39:52.600 --> 00:39:53.768 So Melinda Irvine runs.

NOTE Confidence: 0.793062029523809

00:39:53.768 --> 00:39:55.228 Are is the associate director

NOTE Confidence: 0.793062029523809

00:39:55.228 --> 00:39:56.598 for population science and the

NOTE Confidence: 0.793062029523809

00:39:56.598 --> 00:39:58.600 goal here is how do you improve?

NOTE Confidence: 0.793062029523809

00:39:58.600 --> 00:40:00.280 Think about our research and

NOTE Confidence: 0.793062029523809

00:40:00.280 --> 00:40:02.264 focusing on our catchment area and

NOTE Confidence: 0.793062029523809

00:40:02.264 --> 00:40:04.232 her goals for the next year to see.

NOTE Confidence: 0.793062029523809

00:40:04.240 --> 00:40:05.944 How do we take our genomic

NOTE Confidence: 0.793062029523809

00:40:05.944 --> 00:40:06.796 signs and connected.

NOTE Confidence: 0.793062029523809

00:40:06.800 --> 00:40:08.570 We are all connected by Epic,

NOTE Confidence: 0.793062029523809

00:40:08.570 --> 00:40:11.853 so how do you use this data science and

NOTE Confidence: 0.793062029523809

00:40:11.853 --> 00:40:14.258 leverage or electronic health record?

NOTE Confidence: 0.793062029523809

00:40:14.260 --> 00:40:17.616 With our research to be more sort of,

NOTE Confidence: 0.793062029523809

00:40:17.620 --> 00:40:19.748 you know cloud would be make call cloud

NOTE Confidence: 0.793062029523809

00:40:19.748 --> 00:40:21.224 analytics is something that everybody

NOTE Confidence: 0.793062029523809

00:40:21.224 --> 00:40:23.610 is thinking along with as you saw Mark.

NOTE Confidence: 0.793062029523809

00:40:23.610 --> 00:40:25.098 Simon is also thinking about that,

NOTE Confidence: 0.793062029523809

00:40:25.100 --> 00:40:27.568 and then of course,

NOTE Confidence: 0.793062029523809

00:40:27.568 --> 00:40:29.419 foster collaborations next.

NOTE Confidence: 0.793062029523809

00:40:29.420 --> 00:40:32.090 And a pet Larussa runs the

NOTE Confidence: 0.793062029523809

00:40:32.090 --> 00:40:33.425 experimental therapeutics program.

NOTE Confidence: 0.793062029523809

00:40:33.430 --> 00:40:34.122 Of course,

NOTE Confidence: 0.793062029523809

00:40:34.122 --> 00:40:36.890 this is focused on how do we take

NOTE Confidence: 0.793062029523809

00:40:36.974 --> 00:40:39.410 our faculty and position science and

NOTE Confidence: 0.793062029523809

00:40:39.410 --> 00:40:41.170 do investigator initiated trials?

NOTE Confidence: 0.793062029523809

00:40:41.170 --> 00:40:42.415 Think things to think about

NOTE Confidence: 0.793062029523809

00:40:42.415 --> 00:40:44.480 is how do we also increase URM

NOTE Confidence: 0.793062029523809

00:40:44.480 --> 00:40:46.380 recruitment to set clinical trials?

NOTE Confidence: 0.793062029523809

00:40:46.380 --> 00:40:47.964 And one of the ways pad is thinking

NOTE Confidence: 0.793062029523809

00:40:47.964 --> 00:40:49.809 about is decentralizing clinical trials,

NOTE Confidence: 0.793062029523809

00:40:49.810 --> 00:40:51.001 bringing them closer.

NOTE Confidence: 0.793062029523809

00:40:51.001 --> 00:40:53.383 Sometimes it's hard to get here,

NOTE Confidence: 0.793062029523809

00:40:53.390 --> 00:40:55.388 and this is where clinical trials

NOTE Confidence: 0.793062029523809

00:40:55.388 --> 00:40:57.816 or geography helps us in that those

NOTE Confidence: 0.793062029523809

00:40:57.816 --> 00:40:59.874 trials are available to our patients.

NOTE Confidence: 0.793062029523809

00:40:59.880 --> 00:41:02.220 Except.

NOTE Confidence: 0.793062029523809

00:41:02.220 --> 00:41:03.582 And then if you think about

NOTE Confidence: 0.793062029523809

00:41:03.582 --> 00:41:04.263 our catchment area,

NOTE Confidence: 0.793062029523809

00:41:04.270 --> 00:41:06.562 our catchment is the state of

NOTE Confidence: 0.793062029523809

00:41:06.562 --> 00:41:08.515 Connecticut in 97% of our cases

NOTE Confidence: 0.793062029523809

00:41:08.515 --> 00:41:11.060 come from the state of Connecticut.

NOTE Confidence: 0.793062029523809

00:41:11.060 --> 00:41:12.770 Now it's important to note that

NOTE Confidence: 0.793062029523809

00:41:12.770 --> 00:41:14.332 Connecticut is in the highest

NOTE Confidence: 0.793062029523809

00:41:14.332 --> 00:41:16.137 second highest quintile in the

NOTE Confidence: 0.793062029523809

00:41:16.137 --> 00:41:17.798 country for cancer incidence and

NOTE Confidence: 0.793062029523809

00:41:17.798 --> 00:41:19.700 5% higher than the US average,

NOTE Confidence: 0.793062029523809

00:41:19.700 --> 00:41:21.265 in particular Hispanic or Latino

NOTE Confidence: 0.793062029523809

00:41:21.265 --> 00:41:23.694 population is a 20% percent higher

NOTE Confidence: 0.793062029523809

00:41:23.694 --> 00:41:27.216 cancer rate and that gives us,

NOTE Confidence: 0.793062029523809

00:41:27.220 --> 00:41:29.096 as we think about our different sites.

NOTE Confidence: 0.793062029523809

00:41:29.100 --> 00:41:32.350 How do we think about our research and and?

NOTE Confidence: 0.793062029523809

00:41:32.350 --> 00:41:33.550 Will be improved care and then

NOTE Confidence: 0.793062029523809

00:41:33.550 --> 00:41:34.609 of course in New Haven.

NOTE Confidence: 0.793062029523809

00:41:34.610 --> 00:41:37.067 We know we have higher rates of

NOTE Confidence: 0.793062029523809

00:41:37.067 --> 00:41:39.525 smoking and obesity which are also

NOTE Confidence: 0.793062029523809

00:41:39.525 --> 00:41:41.297 cancer risk factors explained.

NOTE Confidence: 0.793062029523809

00:41:41.300 --> 00:41:41.512 Now,

NOTE Confidence: 0.793062029523809

00:41:41.512 --> 00:41:42.996 one of the ways to improve is

NOTE Confidence: 0.793062029523809

00:41:42.996 --> 00:41:44.619 how do you address the needs.

NOTE Confidence: 0.793062029523809

00:41:44.620 --> 00:41:46.937 This is one example by Andrea Silber,

NOTE Confidence: 0.793062029523809

00:41:46.940 --> 00:41:48.460 who has the owner trial,

NOTE Confidence: 0.793062029523809

00:41:48.460 --> 00:41:50.588 which is goal is to improve minority

NOTE Confidence: 0.793062029523809

00:41:50.588 --> 00:41:51.920 enrollment in clinical trials.

NOTE Confidence: 0.793062029523809

00:41:51.920 --> 00:41:53.720 This is and breast cancer.

NOTE Confidence: 0.793062029523809

00:41:53.720 --> 00:41:56.420 And how do we offer that to our communities?

NOTE Confidence: 0.793062029523809

00:41:56.420 --> 00:41:58.364 In our local community.

NOTE Confidence: 0.793062029523809

00:41:58.364 --> 00:41:59.336 In addition,

NOTE Confidence: 0.793062029523809

00:41:59.340 --> 00:42:01.590 these trials are supported not only

NOTE Confidence: 0.793062029523809

00:42:01.590 --> 00:42:04.420 by the the CCSG or the NCI grant,

NOTE Confidence: 0.793062029523809

00:42:04.420 --> 00:42:07.024 but also by foundational funding by BMS,

NOTE Confidence: 0.793062029523809

00:42:07.030 --> 00:42:07.678 Genentech, etc.

NOTE Confidence: 0.793062029523809

00:42:07.678 --> 00:42:09.622 In terms of trying to improve

NOTE Confidence: 0.793062029523809

00:42:09.622 --> 00:42:11.310 care to our communities.

NOTE Confidence: 0.793062029523809

00:42:11.310 --> 00:42:11.846 Next site,

NOTE Confidence: 0.793062029523809

00:42:11.846 --> 00:42:13.990 but this is like I love this story.

NOTE Confidence: 0.793062029523809

00:42:13.990 --> 00:42:15.675 So Maryland Barber was having

NOTE Confidence: 0.793062029523809

00:42:15.675 --> 00:42:17.695 some symptoms and she kind of

NOTE Confidence: 0.793062029523809

00:42:17.695 --> 00:42:19.594 went to her primary care even was,

NOTE Confidence: 0.793062029523809

00:42:19.594 --> 00:42:21.498 you know had her levels checked in,

NOTE Confidence: 0.793062029523809

00:42:21.500 --> 00:42:23.509 including her CEO on 25 all normal

NOTE Confidence: 0.793062029523809

00:42:23.509 --> 00:42:25.814 she went to a health fair and you

NOTE Confidence: 0.793062029523809

00:42:25.814 --> 00:42:27.788 can see some of her team from

NOTE Confidence: 0.793062029523809

00:42:27.788 --> 00:42:29.820 our health fairs and really had

NOTE Confidence: 0.793062029523809

00:42:29.820 --> 00:42:31.245 a nagging feeling in in.

NOTE Confidence: 0.793062029523809

00:42:31.250 --> 00:42:32.338 Really got some information

NOTE Confidence: 0.793062029523809

00:42:32.338 --> 00:42:33.426 at this health fair.

NOTE Confidence: 0.793062029523809

00:42:33.430 --> 00:42:36.088 Came to see Alice Andrew Santino

NOTE Confidence: 0.793062029523809

00:42:36.088 --> 00:42:38.619 actually had ovarian cancer was treated

NOTE Confidence: 0.793062029523809

00:42:38.619 --> 00:42:41.339 by our team and kind of tells you.

NOTE Confidence: 0.880402562

00:42:41.340 --> 00:42:44.330 That this is these fairs and I also have a

NOTE Confidence: 0.880402562

00:42:44.401 --> 00:42:47.316 teaching responsibility to our community.

NOTE Confidence: 0.880402562

00:42:47.320 --> 00:42:49.574 And this in this case we had,

NOTE Confidence: 0.880402562

00:42:49.580 --> 00:42:51.932 you know, an early patients diagnosis

NOTE Confidence: 0.880402562

00:42:51.932 --> 00:42:53.890 and helped this patient next.

NOTE Confidence: 0.88286054

00:42:56.090 --> 00:42:57.825 OK, and and then this is

NOTE Confidence: 0.88286054

00:42:57.825 --> 00:42:59.590 part of back doors at NCI.

NOTE Confidence: 0.88286054

00:42:59.590 --> 00:43:02.110 Grant that community outreach and engagement

NOTE Confidence: 0.88286054

00:43:02.110 --> 00:43:04.858 is a critical part of our mission.

NOTE Confidence: 0.88286054

00:43:04.860 --> 00:43:07.758 As in as a comprehensive Cancer Center

NOTE Confidence: 0.88286054

00:43:07.760 --> 00:43:11.468 and Marcella Nunez Smith leads this.

NOTE Confidence: 0.88286054

00:43:11.470 --> 00:43:13.180 Our community outreach and engagement

NOTE Confidence: 0.88286054

00:43:13.180 --> 00:43:15.676 program with the goal to reduce or

NOTE Confidence: 0.88286054

00:43:15.676 --> 00:43:17.501 eliminate disparities in our catchment

NOTE Confidence: 0.88286054

00:43:17.501 --> 00:43:19.950 area and the goal here is to use data

NOTE Confidence: 0.88286054

00:43:19.950 --> 00:43:21.615 or dashboards to then understand the

NOTE Confidence: 0.88286054

00:43:21.615 --> 00:43:23.998 burden and then use it to outreach back

NOTE Confidence: 0.88286054

00:43:23.998 --> 00:43:26.074 to the communities to then improve.

NOTE Confidence: 0.88286054

00:43:26.080 --> 00:43:28.100 Here, I think increasingly then,

NOTE Confidence: 0.88286054

00:43:28.100 --> 00:43:30.116 as once you understand what the problems are.

NOTE Confidence: 0.88286054

00:43:30.120 --> 00:43:32.304 Also, how do you ask the right questions?

NOTE Confidence: 0.88286054

00:43:32.310 --> 00:43:33.690 And how do you develop your

NOTE Confidence: 0.88286054

00:43:33.690 --> 00:43:34.380 research around that?

NOTE Confidence: 0.88286054

00:43:34.380 --> 00:43:36.884 Is something that I know more as Marcelo

NOTE Confidence: 0.88286054

00:43:36.884 --> 00:43:39.676 steps away from our White House duties is

NOTE Confidence: 0.88286054

00:43:39.676 --> 00:43:43.120 looking to develop further next slide.

NOTE Confidence: 0.88286054

00:43:43.120 --> 00:43:44.625 And then last but not least,

NOTE Confidence: 0.88286054

00:43:44.625 --> 00:43:45.765 Barbara Burtness was appointed

NOTE Confidence: 0.88286054

00:43:45.765 --> 00:43:47.100 as a new interim.

NOTE Confidence: 0.88286054

00:43:47.100 --> 00:43:49.416 80 for diversity, equity and inclusion.

NOTE Confidence: 0.88286054

00:43:49.420 --> 00:43:50.962 Again, I mentioned this earlier on

NOTE Confidence: 0.88286054

00:43:50.962 --> 00:43:53.227 in our talk that this is going to be

NOTE Confidence: 0.88286054

00:43:53.227 --> 00:43:54.932 an area that's important to us and

NOTE Confidence: 0.88286054

00:43:54.932 --> 00:43:56.577 Barbara is a huge champion of this.

NOTE Confidence: 0.88286054

00:43:56.580 --> 00:43:57.980 Having done this work locally,

NOTE Confidence: 0.88286054

00:43:57.980 --> 00:43:59.762 both in swimming and the Deans

NOTE Confidence: 0.88286054

00:43:59.762 --> 00:44:01.100 committees and nationally for E.

NOTE Confidence: 0.88286054

00:44:01.100 --> 00:44:02.492 COG already since starting,

NOTE Confidence: 0.88286054

00:44:02.492 --> 00:44:05.088 she's been doing a lot of training

NOTE Confidence: 0.88286054

00:44:05.088 --> 00:44:07.278 and implicit bias for trainees.

NOTE Confidence: 0.88286054

00:44:07.280 --> 00:44:08.114 For physicians,

NOTE Confidence: 0.88286054

00:44:08.114 --> 00:44:10.199 a lot of communication initiatives.

NOTE Confidence: 0.88286054

00:44:10.200 --> 00:44:11.815 As you've been seeing that

NOTE Confidence: 0.88286054

00:44:11.815 --> 00:44:13.107 on Smilow Connect and.

NOTE Confidence: 0.88286054

00:44:13.110 --> 00:44:15.670 In future obviously that as you see it,

NOTE Confidence: 0.88286054

00:44:15.670 --> 00:44:17.290 there's a climate survey going on.

NOTE Confidence: 0.88286054

00:44:17.290 --> 00:44:19.658 Then of course we want to eventually get

NOTE Confidence: 0.88286054

00:44:19.658 --> 00:44:21.965 a permanent lady for this role next time.

NOTE Confidence: 0.88286054

00:44:21.970 --> 00:44:25.050 And she's already launched A DE Council.

NOTE Confidence: 0.88286054

00:44:25.050 --> 00:44:28.428 It's obviously highly inclusive and diverse,

NOTE Confidence: 0.88286054

00:44:28.430 --> 00:44:30.200 and this committee I know will

NOTE Confidence: 0.88286054

00:44:30.200 --> 00:44:32.353 continue to look at all of our parts

NOTE Confidence: 0.88286054

00:44:32.353 --> 00:44:34.538 of our functions and to see how can

NOTE Confidence: 0.88286054

00:44:34.538 --> 00:44:36.559 we think about all these issues.

NOTE Confidence: 0.88286054

00:44:36.560 --> 00:44:40.850 And in equity, HealthEquity next slide.

NOTE Confidence: 0.88286054

00:44:40.850 --> 00:44:42.968 And then Harry Cougar runs our

NOTE Confidence: 0.88286054

00:44:42.968 --> 00:44:44.027 education and training.

NOTE Confidence: 0.88286054

00:44:44.030 --> 00:44:47.480 She's the associate director for that.

NOTE Confidence: 0.88286054

00:44:47.480 --> 00:44:49.262 Their program is looking at how

NOTE Confidence: 0.88286054

00:44:49.262 --> 00:44:51.730 do you use metrics to improve and

NOTE Confidence: 0.88286054

00:44:51.730 --> 00:44:53.214 optimize training outcomes and

NOTE Confidence: 0.88286054

00:44:53.214 --> 00:44:55.326 also how do we look at the entire

NOTE Confidence: 0.88286054

00:44:55.326 --> 00:44:57.727 pipeline of students and trainings and

NOTE Confidence: 0.88286054

00:44:57.727 --> 00:44:59.387 optimize their research experience?

NOTE Confidence: 0.88286054

00:44:59.390 --> 00:45:01.446 Because This is why they come to us.

NOTE Confidence: 0.88286054

00:45:01.450 --> 00:45:02.854 Some of the other things to

NOTE Confidence: 0.88286054

00:45:02.854 --> 00:45:04.499 highlight here is the cancer student

NOTE Confidence: 0.88286054

00:45:04.499 --> 00:45:06.139 interest group that has launched,

NOTE Confidence: 0.88286054

00:45:06.140 --> 00:45:08.570 including initiative for MD PHD's.

NOTE Confidence: 0.88286054

00:45:08.570 --> 00:45:10.262 You can see the other training

NOTE Confidence: 0.88286054

00:45:10.262 --> 00:45:12.060 for APR ends for residents,

NOTE Confidence: 0.88286054

00:45:12.060 --> 00:45:13.400 something of pride to us,

NOTE Confidence: 0.88286054

00:45:13.400 --> 00:45:17.270 or 25% of our class is URM this year.

NOTE Confidence: 0.88286054

00:45:17.270 --> 00:45:18.167 And of course,

NOTE Confidence: 0.88286054

00:45:18.167 --> 00:45:20.260 the fellowship will be expanding from 8

NOTE Confidence: 0.88286054

00:45:20.322 --> 00:45:24.310 to 10 trainings which also looking ahead.

NOTE Confidence: 0.88286054

00:45:24.310 --> 00:45:24.784 Next slide,

NOTE Confidence: 0.88286054

00:45:24.784 --> 00:45:26.443 so I want to take a moment.

NOTE Confidence: 0.88286054

00:45:26.450 --> 00:45:27.125 First of all,

NOTE Confidence: 0.88286054

00:45:27.125 --> 00:45:29.058 I want to thank you know I couldn't

NOTE Confidence: 0.88286054

00:45:29.058 --> 00:45:31.130 have done this all of the months,

NOTE Confidence: 0.88286054

00:45:31.130 --> 00:45:33.218 and although I'm going to be your Cancer

NOTE Confidence: 0.88286054

00:45:33.218 --> 00:45:34.910 Center director for the next few months,

NOTE Confidence: 0.88286054

00:45:34.910 --> 00:45:36.814 I may not have many more opportunities

NOTE Confidence: 0.88286054

00:45:36.814 --> 00:45:38.030 with the holiday season.

NOTE Confidence: 0.88286054

00:45:38.030 --> 00:45:40.022 I want to take a moment to acknowledge

NOTE Confidence: 0.88286054

00:45:40.022 --> 00:45:41.388 the people who were silent,

NOTE Confidence: 0.88286054

00:45:41.390 --> 00:45:43.170 but helping me every minute,

NOTE Confidence: 0.84100243625

00:45:43.170 --> 00:45:46.066 every hour. Lori Pickens, who as you know,

NOTE Confidence: 0.84100243625

00:45:46.070 --> 00:45:48.996 is our Senior VP, is is phenomenal.

NOTE Confidence: 0.84100243625

00:45:49.000 --> 00:45:51.024 She has always figured out ways to make.

NOTE Confidence: 0.84100243625

00:45:51.030 --> 00:45:52.410 As I ran two departments,

NOTE Confidence: 0.84100243625

00:45:52.410 --> 00:45:53.734 my life easier and.

NOTE Confidence: 0.84100243625

00:45:53.734 --> 00:45:56.078 Really has never made it that even

NOTE Confidence: 0.84100243625

00:45:56.078 --> 00:45:58.087 if I called her on a weekend.

NOTE Confidence: 0.84100243625

00:45:58.090 --> 00:45:58.692 Never blinked.

NOTE Confidence: 0.84100243625

00:45:58.692 --> 00:46:01.656 Think Dan is de Mayo is one of the

NOTE Confidence: 0.84100243625

00:46:01.656 --> 00:46:04.056 most understated and thoughtful people,

NOTE Confidence: 0.84100243625

00:46:04.060 --> 00:46:06.526 and I pushed him in so much of the

NOTE Confidence: 0.84100243625

00:46:06.526 --> 00:46:08.468 research and helping me in all of

NOTE Confidence: 0.84100243625

00:46:08.468 --> 00:46:10.826 this and has been an incredible help

NOTE Confidence: 0.84100243625

00:46:10.826 --> 00:46:12.856 as our deputy director Margaret,

NOTE Confidence: 0.84100243625

00:46:12.860 --> 00:46:13.787 as I mentioned,

NOTE Confidence: 0.84100243625

00:46:13.787 --> 00:46:16.308 just came on and was doing two jobs

NOTE Confidence: 0.84100243625

00:46:16.308 --> 00:46:18.283 and then I pushed her for a lot of

NOTE Confidence: 0.84100243625

00:46:18.283 --> 00:46:19.976 things and she never let it on even

NOTE Confidence: 0.84100243625

00:46:19.976 --> 00:46:21.520 though she was new to our role.

NOTE Confidence: 0.84100243625

00:46:21.520 --> 00:46:23.038 Obviously there are many other folks.

NOTE Confidence: 0.84100243625

00:46:23.040 --> 00:46:24.120 I can't mention them all.

NOTE Confidence: 0.84100243625

00:46:24.120 --> 00:46:24.734 I do.

NOTE Confidence: 0.84100243625

00:46:24.734 --> 00:46:26.576 One acknowledge Brian Smith and Tisha

NOTE Confidence: 0.84100243625

00:46:26.576 --> 00:46:29.036 Johnson for all the help and the CTO office,

NOTE Confidence: 0.84100243625

00:46:29.040 --> 00:46:31.112 what they did and what Nancy and

NOTE Confidence: 0.84100243625

00:46:31.112 --> 00:46:33.016 Dan Brown and and Keith Church

NOTE Confidence: 0.84100243625

00:46:33.016 --> 00:46:35.221 will have done as we have think,

NOTE Confidence: 0.84100243625

00:46:35.230 --> 00:46:38.254 thought about the C2 and all the.

NOTE Confidence: 0.84100243625

00:46:38.260 --> 00:46:40.390 Things about what a contemporary

NOTE Confidence: 0.84100243625

00:46:40.390 --> 00:46:42.520 clinical trials office looks like.

NOTE Confidence: 0.84100243625

00:46:42.520 --> 00:46:44.207 Think I want some of the surgeons

NOTE Confidence: 0.84100243625

00:46:44.207 --> 00:46:45.500 may be an unlikely.

NOTE Confidence: 0.84100243625

00:46:45.500 --> 00:46:46.640 It's known they're probably all

NOTE Confidence: 0.84100243625

00:46:46.640 --> 00:46:47.552 in the operating room,

NOTE Confidence: 0.84100243625

00:46:47.560 --> 00:46:49.372 but I also want to acknowledge

NOTE Confidence: 0.84100243625

00:46:49.372 --> 00:46:51.289 my department they did lose my

NOTE Confidence: 0.84100243625

00:46:51.289 --> 00:46:52.914 attention and that's my faculty.

NOTE Confidence: 0.84100243625

00:46:52.920 --> 00:46:54.216 Might chiefs who took on many,

NOTE Confidence: 0.84100243625

00:46:54.220 --> 00:46:55.890 many other roles for being

NOTE Confidence: 0.84100243625

00:46:55.890 --> 00:46:56.558 wonderful citizens.

NOTE Confidence: 0.84100243625

00:46:56.560 --> 00:46:59.458 I do love this Cancer Center bell,

NOTE Confidence: 0.84100243625

00:46:59.460 --> 00:47:01.413 so look forward to giving my cheeks

NOTE Confidence: 0.84100243625

00:47:01.413 --> 00:47:03.538 and my faculty my time and attention.

NOTE Confidence: 0.84100243625

00:47:03.540 --> 00:47:05.637 So I want to thank all of the folks

NOTE Confidence: 0.84100243625

00:47:05.637 --> 00:47:07.759 we've been really incredible partners,

NOTE Confidence: 0.84100243625

00:47:07.760 --> 00:47:09.182 and then I want to end on a note.

NOTE Confidence: 0.84100243625

00:47:09.190 --> 00:47:11.352 As we look ahead next slide, please.

NOTE Confidence: 0.84100243625

00:47:11.352 --> 00:47:13.200 Of what you know,

NOTE Confidence: 0.84100243625

00:47:13.200 --> 00:47:16.152 as we reflect on pause as Eric comes on,

NOTE Confidence: 0.84100243625

00:47:16.160 --> 00:47:17.616 I look forward to working with Eric

NOTE Confidence: 0.84100243625

00:47:17.616 --> 00:47:19.347 over the next few months to transition.

NOTE Confidence: 0.84100243625

00:47:19.350 --> 00:47:21.816 We've already been working together on

NOTE Confidence: 0.84100243625

00:47:21.816 --> 00:47:24.518 recruitments etc, so I think you is.

NOTE Confidence: 0.84100243625

00:47:24.520 --> 00:47:26.671 He has a big job but he is obviously

NOTE Confidence: 0.84100243625

00:47:26.671 --> 00:47:29.309 very experienced and he has a lot of support,

NOTE Confidence: 0.84100243625

00:47:29.310 --> 00:47:31.443 but I want to think come back to how

NOTE Confidence: 0.84100243625

00:47:31.443 --> 00:47:33.560 you all can think about what you do

NOTE Confidence: 0.84100243625

00:47:33.560 --> 00:47:35.888 and how that helps us eaten every day.

NOTE Confidence: 0.84100243625

00:47:35.890 --> 00:47:37.408 We are one academic cancer health

NOTE Confidence: 0.84100243625

00:47:37.408 --> 00:47:39.070 system we have to think about.

NOTE Confidence: 0.84100243625

00:47:39.070 --> 00:47:40.246 Why do we all come here?

NOTE Confidence: 0.84100243625

00:47:40.250 --> 00:47:41.910 Whether it's the nurses,

NOTE Confidence: 0.84100243625

00:47:41.910 --> 00:47:42.740 the staff.

NOTE Confidence: 0.84100243625

00:47:42.740 --> 00:47:44.220 The environment that everyone

NOTE Confidence: 0.84100243625

00:47:44.220 --> 00:47:45.700 comes with a calling.

NOTE Confidence: 0.84100243625

00:47:45.700 --> 00:47:47.499 You think this was very clear when

NOTE Confidence: 0.84100243625

00:47:47.499 --> 00:47:50.130 I was here during the pandemic and I

NOTE Confidence: 0.84100243625

00:47:50.130 --> 00:47:51.930 saw our environmental health services

NOTE Confidence: 0.84100243625

00:47:51.990 --> 00:47:53.820 and there was an empty hospital.

NOTE Confidence: 0.84100243625

00:47:53.820 --> 00:47:55.760 But nursing working in units,

NOTE Confidence: 0.84100243625

00:47:55.760 --> 00:47:57.600 but quiet that everybody has

NOTE Confidence: 0.84100243625

00:47:57.600 --> 00:47:59.860 a calling health care is hard,

NOTE Confidence: 0.84100243625

00:47:59.860 --> 00:48:01.645 but it comes from the heart and

NOTE Confidence: 0.84100243625

00:48:01.645 --> 00:48:03.470 we all want to think about why

NOTE Confidence: 0.84100243625

00:48:03.470 --> 00:48:04.964 we came to do this job.

NOTE Confidence: 0.84100243625

00:48:04.970 --> 00:48:06.908 It's important to acknowledge that there

NOTE Confidence: 0.84100243625

00:48:06.908 --> 00:48:09.816 is a lot of heart in doing this work.

NOTE Confidence: 0.84100243625

00:48:09.820 --> 00:48:11.690 It's not just all dashboards

NOTE Confidence: 0.84100243625

00:48:11.690 --> 00:48:13.186 and data and planning.

NOTE Confidence: 0.84100243625

00:48:13.190 --> 00:48:14.348 I think to do this well,

NOTE Confidence: 0.84100243625

00:48:14.350 --> 00:48:16.066 of course we need to have

NOTE Confidence: 0.84100243625

00:48:16.066 --> 00:48:17.210 what I call connectivity

NOTE Confidence: 0.92275192

00:48:17.275 --> 00:48:18.249 or collaboration.

NOTE Confidence: 0.92275192

00:48:18.250 --> 00:48:20.130 I gave you some examples,

NOTE Confidence: 0.92275192

00:48:20.130 --> 00:48:21.384 but there are times when it

NOTE Confidence: 0.92275192

00:48:21.384 --> 00:48:22.771 doesn't work right and there are

NOTE Confidence: 0.92275192

00:48:22.771 --> 00:48:24.026 times when it works beautifully.

NOTE Confidence: 0.92275192

00:48:24.030 --> 00:48:26.368 It is something we were going to

NOTE Confidence: 0.92275192

00:48:26.368 --> 00:48:28.387 continue to evolve and learn to

NOTE Confidence: 0.92275192

00:48:28.387 --> 00:48:30.529 work across and how we connect,

NOTE Confidence: 0.92275192

00:48:30.530 --> 00:48:32.186 whether it's in the research arena,

NOTE Confidence: 0.92275192

00:48:32.190 --> 00:48:34.608 in the clinical arena, in quality,

NOTE Confidence: 0.92275192

00:48:34.610 --> 00:48:35.770 safety, whatever we do,

NOTE Confidence: 0.92275192

00:48:35.770 --> 00:48:38.370 but we have to do it more nimbly,

NOTE Confidence: 0.92275192

00:48:38.370 --> 00:48:40.434 so we do not make it so hard

NOTE Confidence: 0.92275192

00:48:40.434 --> 00:48:42.347 for each and everyone of us.

NOTE Confidence: 0.92275192

00:48:42.350 --> 00:48:44.609 And then how does it lead to a community?

NOTE Confidence: 0.92275192

00:48:44.610 --> 00:48:46.128 Some of it is internal to

NOTE Confidence: 0.92275192

00:48:46.128 --> 00:48:48.209 us on how we think about us,

NOTE Confidence: 0.92275192

00:48:48.210 --> 00:48:49.980 because all of these seeds

NOTE Confidence: 0.92275192

00:48:49.980 --> 00:48:51.396 lead to appropriate engagement.

NOTE Confidence: 0.92275192

00:48:51.400 --> 00:48:54.770 Why we are happy at work and not happy haha,

NOTE Confidence: 0.92275192

00:48:54.770 --> 00:48:57.466 but why we feel satisfied with their jobs?

NOTE Confidence: 0.92275192

00:48:57.470 --> 00:49:00.305 So community building is all within us.

NOTE Confidence: 0.92275192

00:49:00.310 --> 00:49:03.010 It has to be local at the end of the

NOTE Confidence: 0.92275192

00:49:03.092 --> 00:49:05.948 day it can't come from 8 zoom meeting.

NOTE Confidence: 0.92275192

00:49:05.950 --> 00:49:08.050 It is sometimes sitting and

NOTE Confidence: 0.92275192

00:49:08.050 --> 00:49:09.310 having lunch together.

NOTE Confidence: 0.92275192

00:49:09.310 --> 00:49:11.526 It's shared in the hallway with a smile.

NOTE Confidence: 0.92275192

00:49:11.530 --> 00:49:13.160 How we greet each other.

NOTE Confidence: 0.92275192

00:49:13.160 --> 00:49:14.660 But that community has to

NOTE Confidence: 0.92275192

00:49:14.660 --> 00:49:16.160 come from all of us,

NOTE Confidence: 0.92275192

00:49:16.160 --> 00:49:17.384 whether I see the DeLuca Awards

NOTE Confidence: 0.92275192

00:49:17.384 --> 00:49:19.025 and I saw all the nursing teams

NOTE Confidence: 0.92275192

00:49:19.025 --> 00:49:20.325 hanging out with each other.

NOTE Confidence: 0.92275192

00:49:20.330 --> 00:49:21.062 That's community.

NOTE Confidence: 0.92275192

00:49:21.062 --> 00:49:23.624 And then we also have to think

NOTE Confidence: 0.92275192

00:49:23.624 --> 00:49:25.184 increasingly as the conversation

NOTE Confidence: 0.92275192

00:49:25.184 --> 00:49:27.074 is happening on and whether

NOTE Confidence: 0.92275192

00:49:27.074 --> 00:49:29.030 receive vaccine rollouts or others.

NOTE Confidence: 0.92275192

00:49:29.030 --> 00:49:31.150 How important health equity is

NOTE Confidence: 0.92275192

00:49:31.150 --> 00:49:33.270 in how outcomes are seen,

NOTE Confidence: 0.92275192

00:49:33.270 --> 00:49:35.148 we may do the best science,

NOTE Confidence: 0.92275192

00:49:35.150 --> 00:49:37.022 but at the end of the day that has

NOTE Confidence: 0.92275192

00:49:37.022 --> 00:49:39.230 to be done in the where we live and

NOTE Confidence: 0.92275192

00:49:39.230 --> 00:49:41.154 that's our patience and they may

NOTE Confidence: 0.92275192

00:49:41.154 --> 00:49:43.524 have social determinants of health that may.

NOTE Confidence: 0.92275192

00:49:43.524 --> 00:49:44.740 Make the best treatments.

NOTE Confidence: 0.92275192

00:49:44.740 --> 00:49:46.130 If they can't access them,

NOTE Confidence: 0.92275192

00:49:46.130 --> 00:49:46.890 it's irrelevant,

NOTE Confidence: 0.92275192

00:49:46.890 --> 00:49:49.170 so that is also a community.

NOTE Confidence: 0.92275192

00:49:49.170 --> 00:49:50.586 I want you to think about.

NOTE Confidence: 0.92275192

00:49:50.590 --> 00:49:53.110 So with the next few months I will be here.

NOTE Confidence: 0.92275192

00:49:53.110 --> 00:49:55.502 I will be engaged and but I will

NOTE Confidence: 0.92275192

00:49:55.502 --> 00:49:56.889 also work with Eric.

NOTE Confidence: 0.92275192

00:49:56.890 --> 00:49:58.480 I look forward to welcoming him

NOTE Confidence: 0.92275192

00:49:58.480 --> 00:50:00.170 and having a smooth transition.

NOTE Confidence: 0.92275192

00:50:00.170 --> 00:50:02.090 I want to thank you all for giving

NOTE Confidence: 0.92275192

00:50:02.090 --> 00:50:04.398 me the privilege of being your leader

NOTE Confidence: 0.92275192

00:50:04.400 --> 00:50:06.605 and with that I hope I leave a few

NOTE Confidence: 0.92275192

00:50:06.605 --> 00:50:08.377 minutes for question and answers.

NOTE Confidence: 0.92275192

00:50:08.380 --> 00:50:09.360 So thank you so much.

NOTE Confidence: 0.932674476666667

00:50:21.110 --> 00:50:24.618 So we can open for questions and it is zoom.

NOTE Confidence: 0.932674476666667

00:50:24.618 --> 00:50:25.980 It's not a webinar for once,

NOTE Confidence: 0.932674476666667

00:50:25.980 --> 00:50:27.564 so it's OK to raise your hand and ask

NOTE Confidence: 0.932674476666667

00:50:27.564 --> 00:50:29.188 a question or put it in the chat.

NOTE Confidence: 0.79336464625

00:50:34.100 --> 00:50:36.865 I'm going to leave leadoff

NOTE Confidence: 0.79336464625

00:50:36.865 --> 00:50:38.524 Kevin Billingsley here.

NOTE Confidence: 0.79336464625

00:50:38.530 --> 00:50:41.878 Just want to say thank you

NOTE Confidence: 0.79336464625

00:50:41.878 --> 00:50:44.110 for your incredible service

NOTE Confidence: 0.79336464625

00:50:44.222 --> 00:50:47.117 over these past many months.

NOTE Confidence: 0.79336464625

00:50:47.120 --> 00:50:50.266 So I can only imagine what has

NOTE Confidence: 0.79336464625

00:50:50.266 --> 00:50:52.231 been involved in running the

NOTE Confidence: 0.79336464625

00:50:52.231 --> 00:50:54.729 complexities of the Cancer Center and.

NOTE Confidence: 0.79336464625

00:50:54.730 --> 00:50:56.113 And the department,

NOTE Confidence: 0.79336464625

00:50:56.113 --> 00:50:59.780 and I think that although we have had,

NOTE Confidence: 0.79336464625

00:50:59.780 --> 00:51:01.668 we still have challenges in front of us.

NOTE Confidence: 0.79336464625

00:51:01.670 --> 00:51:04.302 I think all of us are really

NOTE Confidence: 0.79336464625

00:51:04.302 --> 00:51:05.634 excited for the future,

NOTE Confidence: 0.79336464625

00:51:05.634 --> 00:51:07.542 and we see the growth and

NOTE Confidence: 0.79336464625

00:51:07.542 --> 00:51:09.390 we see the opportunity.

NOTE Confidence: 0.79336464625

00:51:09.390 --> 00:51:11.728 And I think it's it's a very

NOTE Confidence: 0.79336464625

00:51:11.728 --> 00:51:14.099 bright time for our organization.

NOTE Confidence: 0.9827161

00:51:18.350 --> 00:51:19.688 Thank you Kevin for highlighting

NOTE Confidence: 0.9827161

00:51:19.688 --> 00:51:21.200 because I think if you didn't

NOTE Confidence: 0.931164521333333

00:51:21.248 --> 00:51:23.762 sense it from my excitement, I think we are.

NOTE Confidence: 0.931164521333333

00:51:23.762 --> 00:51:25.950 We have a fabulous institution and the

NOTE Confidence: 0.931164521333333

00:51:25.950 --> 00:51:28.600 best is yet to come and be a great people.

NOTE Confidence: 0.804922945

00:51:30.350 --> 00:51:32.310 NATO this is Lori.

NOTE Confidence: 0.804922945

00:51:32.310 --> 00:51:35.250 I have to echo Cabman and.

NOTE Confidence: 0.804922945

00:51:35.250 --> 00:51:36.426 Since I got here a little

NOTE Confidence: 0.804922945

00:51:36.426 --> 00:51:37.210 over three years ago,

NOTE Confidence: 0.804922945

00:51:37.210 --> 00:51:39.068 you were one of the first people that

NOTE Confidence: 0.804922945

00:51:39.068 --> 00:51:41.854 I came to see and the collaboration

NOTE Confidence: 0.804922945

00:51:41.854 --> 00:51:44.923 that you have had with with us and

NOTE Confidence: 0.804922945

00:51:44.923 --> 00:51:48.460 cancer from day one has been just.

NOTE Confidence: 0.804922945

00:51:48.460 --> 00:51:49.422 Uh, amazing.

NOTE Confidence: 0.804922945

00:51:49.422 --> 00:51:51.827 It's just been fabulous and

NOTE Confidence: 0.804922945

00:51:51.830 --> 00:51:53.237 there's a part of me that has

NOTE Confidence: 0.804922945

00:51:53.237 --> 00:51:56.490 to apologize a little bit for.

NOTE Confidence: 0.804922945

00:51:56.490 --> 00:51:57.834 Trying to get you over here to

NOTE Confidence: 0.804922945

00:51:57.834 --> 00:51:58.745 serve as our interim 'cause

NOTE Confidence: 0.804922945

00:51:58.745 --> 00:52:00.162 it's a part of me that feels

NOTE Confidence: 0.804922945

00:52:00.162 --> 00:52:01.540 guilty at this point as well,

NOTE Confidence: 0.804922945

00:52:01.540 --> 00:52:03.753 but you have just really stepped

NOTE Confidence: 0.804922945

00:52:03.753 --> 00:52:05.931 into this and just been an

NOTE Confidence: 0.804922945

00:52:05.931 --> 00:52:07.728 incredible partner for all of us,

NOTE Confidence: 0.804922945

00:52:07.730 --> 00:52:09.672 and I probably didn't realize quite

NOTE Confidence: 0.804922945

00:52:09.672 --> 00:52:11.324 how much you would be taking on,

NOTE Confidence: 0.804922945

00:52:11.330 --> 00:52:14.157 but I just want to thank you from

NOTE Confidence: 0.804922945

00:52:14.157 --> 00:52:16.166 the bottom of my heart because your

NOTE Confidence: 0.804922945

00:52:16.166 --> 00:52:17.867 partnership has always been so valuable

NOTE Confidence: 0.804922945

00:52:17.867 --> 00:52:19.780 and having you here over the last.

NOTE Confidence: 0.804922945

00:52:19.780 --> 00:52:21.075 I don't know what 6 to 8

NOTE Confidence: 0.804922945

00:52:21.080 --> 00:52:22.910 months working with us like.

NOTE Confidence: 0.804922945

00:52:22.910 --> 00:52:24.150 This has just come.

NOTE Confidence: 0.804922945

00:52:24.150 --> 00:52:25.573 It's just been terrific and

NOTE Confidence: 0.804922945

00:52:25.573 --> 00:52:27.079 and really thank you for me

NOTE Confidence: 0.804922945

00:52:27.079 --> 00:52:28.665 and thank you from all of us.

NOTE Confidence: 0.84461802

00:52:29.340 --> 00:52:30.150 Thank you, Lori.

NOTE Confidence: 0.842037362352941

00:52:41.370 --> 00:52:43.114 Quiet group, I'm going to give a minute

NOTE Confidence: 0.842037362352941

00:52:43.114 --> 00:52:45.309 or so if someone wants to ask a question.

NOTE Confidence: 0.842037362352941

00:52:45.310 --> 00:52:48.300 It's alright Roy. Go ahead. I knew

NOTE Confidence: 0.855434557142857

00:52:48.310 --> 00:52:50.798 it so thank you. It's been and will

NOTE Confidence: 0.855434557142857

00:52:50.798 --> 00:52:52.810 continue to work a lot together.

NOTE Confidence: 0.855434557142857

00:52:52.810 --> 00:52:54.316 Great working with you and especially

NOTE Confidence: 0.855434557142857

00:52:54.316 --> 00:52:56.039 as we've had to work through

NOTE Confidence: 0.855434557142857

00:52:56.039 --> 00:52:57.367 the clinical trials together.

NOTE Confidence: 0.855434557142857

00:52:57.370 --> 00:52:58.348 It's just been.

NOTE Confidence: 0.855434557142857

00:52:58.348 --> 00:53:00.304 Your leadership has been just enormous.

NOTE Confidence: 0.855434557142857

00:53:00.310 --> 00:53:01.882 I'll ask now that you've seen

NOTE Confidence: 0.855434557142857

00:53:01.882 --> 00:53:02.668 the Cancer Center.

NOTE Confidence: 0.855434557142857

00:53:02.670 --> 00:53:06.440 And as you go back to be chief of surgery,

NOTE Confidence: 0.855434557142857

00:53:06.440 --> 00:53:08.960 which it sounds like it's a pretty big job.

NOTE Confidence: 0.855434557142857

00:53:08.960 --> 00:53:09.896 What have you learned?

NOTE Confidence: 0.855434557142857

00:53:09.896 --> 00:53:11.066 How can we build better

NOTE Confidence: 0.855434557142857

00:53:11.066 --> 00:53:12.109 multi modality clinics?

NOTE Confidence: 0.855434557142857

00:53:12.110 --> 00:53:13.586 So one of the things that we really want,

NOTE Confidence: 0.855434557142857

00:53:13.590 --> 00:53:16.500 I think to increase our care.

NOTE Confidence: 0.855434557142857

00:53:16.500 --> 00:53:18.376 Our reputation is to really be seeing

NOTE Confidence: 0.855434557142857

00:53:18.376 --> 00:53:19.828 patients with tumor boards and

NOTE Confidence: 0.855434557142857

00:53:19.828 --> 00:53:21.313 multimodality way across the system

NOTE Confidence: 0.855434557142857

00:53:21.313 --> 00:53:23.097 and is wondering what you've gleaned

NOTE Confidence: 0.855434557142857

00:53:23.097 --> 00:53:24.789 from this experience that you know

NOTE Confidence: 0.855434557142857

00:53:24.789 --> 00:53:26.286 could help us as we move forward.

NOTE Confidence: 0.882672695

00:53:26.960 --> 00:53:28.790 You know, really, in good

NOTE Confidence: 0.882672695

00:53:28.790 --> 00:53:30.630 question. I think as.

NOTE Confidence: 0.917588323333333

00:53:32.710 --> 00:53:33.754 First of all, thank you for

NOTE Confidence: 0.917588323333333

00:53:33.754 --> 00:53:34.960 all the hard work you've done.

NOTE Confidence: 0.917588323333333

00:53:34.960 --> 00:53:36.260 I think I put surgeon

NOTE Confidence: 0.917588323333333

00:53:36.260 --> 00:53:37.560 hours with you every day,

NOTE Confidence: 0.917588323333333

00:53:37.560 --> 00:53:40.904 so thank you for hand bearing with me.

NOTE Confidence: 0.917588323333333

00:53:40.910 --> 00:53:42.140 I've had a chance to visit

NOTE Confidence: 0.917588323333333

00:53:42.140 --> 00:53:43.390 some of the care centers.

NOTE Confidence: 0.917588323333333

00:53:43.390 --> 00:53:44.746 Unfortunately I didn't have a chance

NOTE Confidence: 0.917588323333333

00:53:44.746 --> 00:53:46.408 to visit each and everyone of them,

NOTE Confidence: 0.917588323333333

00:53:46.410 --> 00:53:49.234 but I think what struck me is how

NOTE Confidence: 0.917588323333333

00:53:49.234 --> 00:53:51.886 connected the patients were for their

NOTE Confidence: 0.917588323333333

00:53:51.886 --> 00:53:54.682 local community and how incredible the

NOTE Confidence: 0.917588323333333

00:53:54.762 --> 00:53:57.317 service and and the team work was.

NOTE Confidence: 0.917588323333333

00:53:57.320 --> 00:53:59.426 Think at least my department wasn't

NOTE Confidence: 0.917588323333333

00:53:59.426 --> 00:54:01.495 as distributed until we came and

NOTE Confidence: 0.917588323333333

00:54:01.495 --> 00:54:03.581 then some of the folks like Nina

NOTE Confidence: 0.917588323333333

00:54:03.581 --> 00:54:05.505 Horowitz and others were incredible

NOTE Confidence: 0.917588323333333

00:54:05.505 --> 00:54:07.460 champions of taking breast care.

NOTE Confidence: 0.917588323333333

00:54:07.460 --> 00:54:09.380 But I think there's opportunity

NOTE Confidence: 0.917588323333333

00:54:09.380 --> 00:54:10.916 for us in even.

NOTE Confidence: 0.917588323333333

00:54:10.920 --> 00:54:11.910 Sites like water,

NOTE Confidence: 0.917588323333333

00:54:11.910 --> 00:54:12.900 Ferd and Torrington.

NOTE Confidence: 0.917588323333333

00:54:12.900 --> 00:54:15.220 I think the part that we have to

NOTE Confidence: 0.917588323333333

00:54:15.220 --> 00:54:19.524 figure out is how do we make it not so.

NOTE Confidence: 0.917588323333333

00:54:19.530 --> 00:54:20.738 Difficult because it's not

NOTE Confidence: 0.917588323333333

00:54:20.738 --> 00:54:22.550 efficient for us to put everybody

NOTE Confidence: 0.917588323333333

00:54:22.607 --> 00:54:24.168 in the clinic at the same time,

NOTE Confidence: 0.917588323333333

00:54:24.170 --> 00:54:26.280 so I think some of the pieces will be and

NOTE Confidence: 0.917588323333333

00:54:26.336 --> 00:54:28.966 I kind of put the telehealth piece to me.

NOTE Confidence: 0.917588323333333

00:54:28.970 --> 00:54:31.538 That is an opportunity around thinking

NOTE Confidence: 0.917588323333333

00:54:31.538 --> 00:54:34.015 for the specialty cares for some

NOTE Confidence: 0.917588323333333

00:54:34.015 --> 00:54:36.085 of the care like breast cancer.

NOTE Confidence: 0.917588323333333

00:54:36.090 --> 00:54:38.022 We may want to think about

NOTE Confidence: 0.917588323333333

00:54:38.022 --> 00:54:38.988 should breast cancer.

NOTE Confidence: 0.917588323333333

00:54:38.990 --> 00:54:40.780 All of the services be

NOTE Confidence: 0.917588323333333

00:54:40.780 --> 00:54:42.212 available at every site.

NOTE Confidence: 0.917588323333333

00:54:42.220 --> 00:54:43.350 And again this is work.

NOTE Confidence: 0.917588323333333

00:54:43.350 --> 00:54:45.574 I know Liz is star Herbert is thinking

NOTE Confidence: 0.917588323333333

00:54:45.574 --> 00:54:47.693 about with the rest of the teams and

NOTE Confidence: 0.917588323333333

00:54:47.693 --> 00:54:49.647 the Jeremy and and and others but.

NOTE Confidence: 0.917588323333333

00:54:49.647 --> 00:54:51.936 This is the pieces that we have

NOTE Confidence: 0.917588323333333

00:54:51.936 --> 00:54:53.970 to think about on the part.

NOTE Confidence: 0.917588323333333

00:54:53.970 --> 00:54:55.855 Now there are some challenges

NOTE Confidence: 0.917588323333333

00:54:55.855 --> 00:54:57.363 of thinking about this.

NOTE Confidence: 0.917588323333333

00:54:57.370 --> 00:54:59.310 Sometimes our teams are

NOTE Confidence: 0.917588323333333

00:54:59.310 --> 00:55:00.765 multiple employment models.

NOTE Confidence: 0.917588323333333

00:55:00.770 --> 00:55:02.604 It doesn't mean it's good or bad,

NOTE Confidence: 0.917588323333333

00:55:02.610 --> 00:55:04.864 we just have to think tactically around.

NOTE Confidence: 0.917588323333333

00:55:04.870 --> 00:55:06.610 If imaging is not yield

NOTE Confidence: 0.917588323333333

00:55:06.610 --> 00:55:08.002 medicine but someone else,

NOTE Confidence: 0.917588323333333

00:55:08.010 --> 00:55:10.346 how do we make sure we're still working

NOTE Confidence: 0.917588323333333

00:55:10.346 --> 00:55:13.500 as a team and thinking on these systems?

NOTE Confidence: 0.917588323333333

00:55:13.500 --> 00:55:14.850 The last piece I'm going to

NOTE Confidence: 0.917588323333333

00:55:14.850 --> 00:55:16.390 tell in this is an opinion,

NOTE Confidence: 0.917588323333333

00:55:16.390 --> 00:55:17.486 so please,

NOTE Confidence: 0.917588323333333

00:55:17.486 --> 00:55:19.678 but I do think.

NOTE Confidence: 0.917588323333333

00:55:19.680 --> 00:55:22.095 That there's still a lot of education

NOTE Confidence: 0.917588323333333

00:55:22.095 --> 00:55:24.396 that's needed on the importance

NOTE Confidence: 0.917588323333333

00:55:24.396 --> 00:55:26.196 of multidisciplinary management,

NOTE Confidence: 0.917588323333333

00:55:26.200 --> 00:55:29.356 not into our patients who are.

NOTE Confidence: 0.917588323333333

00:55:29.360 --> 00:55:32.042 Ultimately it's their health and not

NOTE Confidence: 0.917588323333333

00:55:32.042 --> 00:55:34.690 to the physicians, but to our patients.

NOTE Confidence: 0.917588323333333

00:55:34.690 --> 00:55:36.315 And our primary care doctors,

NOTE Confidence: 0.917588323333333

00:55:36.320 --> 00:55:37.756 especially in southern Connecticut,

NOTE Confidence: 0.917588323333333

00:55:37.756 --> 00:55:40.216 where there's a lot of people whose

NOTE Confidence: 0.917588323333333

00:55:40.216 --> 00:55:42.224 first thought is to go to New York,

NOTE Confidence: 0.917588323333333

00:55:42.230 --> 00:55:45.254 and in my mind that should never happen.

NOTE Confidence: 0.917588323333333

00:55:45.260 --> 00:55:46.947 If you were a patient in Connecticut,

NOTE Confidence: 0.917588323333333

00:55:46.950 --> 00:55:48.936 and you have Yale Cancer Center

NOTE Confidence: 0.917588323333333

00:55:48.936 --> 00:55:49.929 in your background.

NOTE Confidence: 0.917588323333333

00:55:49.930 --> 00:55:51.946 They should know all of us,

NOTE Confidence: 0.917588323333333

00:55:51.950 --> 00:55:53.726 but I can tell you there are many

NOTE Confidence: 0.917588323333333

00:55:53.726 --> 00:55:55.264 times they don't know all of us

NOTE Confidence: 0.917588323333333

00:55:55.264 --> 00:55:56.890 and they call me and I answered

NOTE Confidence: 0.917588323333333

00:55:56.890 --> 00:55:58.225 these phones and I'm like.

NOTE Confidence: 0.917588323333333

00:55:58.230 --> 00:56:01.910 Well, here's the world's best expert in XYZ,

NOTE Confidence: 0.917588323333333

00:56:01.910 --> 00:56:04.423 but they are not aware so that

NOTE Confidence: 0.917588323333333

00:56:04.423 --> 00:56:06.328 education is upon all of us.

NOTE Confidence: 0.917588323333333

00:56:06.330 --> 00:56:08.720 Every interaction is an educational

NOTE Confidence: 0.917588323333333

00:56:08.720 --> 00:56:11.792 opportunity and that is what we have

NOTE Confidence: 0.917588323333333

00:56:11.792 --> 00:56:13.866 to do to educate our communities

NOTE Confidence: 0.917588323333333

00:56:13.866 --> 00:56:16.494 on what we bring in language

NOTE Confidence: 0.917588323333333

00:56:16.494 --> 00:56:18.679 that they can understand.

NOTE Confidence: 0.917588323333333

00:56:18.680 --> 00:56:20.320 And it's easy to explain.

NOTE Confidence: 0.917588323333333

00:56:20.320 --> 00:56:20.978 So again,

NOTE Confidence: 0.917588323333333

00:56:20.978 --> 00:56:23.610 that's what I mean by a distributed health

NOTE Confidence: 0.922228683333333

00:56:23.680 --> 00:56:26.110 system to explain what is whether

NOTE Confidence: 0.922228683333333

00:56:26.110 --> 00:56:28.180 it's therapeutic importance of giving

NOTE Confidence: 0.922228683333333

00:56:28.180 --> 00:56:30.718 I MRT radiation, or whether it's

NOTE Confidence: 0.922228683333333

00:56:30.718 --> 00:56:33.140 proton or whether it's complicated

NOTE Confidence: 0.922228683333333

00:56:33.140 --> 00:56:36.405 clinical trials or complicated surgery.

NOTE Confidence: 0.922228683333333

00:56:36.410 --> 00:56:38.895 But there's a huge opportunity and and

NOTE Confidence: 0.922228683333333

00:56:38.895 --> 00:56:41.215 obviously we will be working with your

NOTE Confidence: 0.922228683333333

00:56:41.215 --> 00:56:43.510 teams to sort of make that happen.

NOTE Confidence: 0.922228683333333

00:56:43.510 --> 00:56:44.426 Alright, it's 1258.

NOTE Confidence: 0.922228683333333

00:56:44.426 --> 00:56:46.650 I want to give people two minutes back.

NOTE Confidence: 0.922228683333333

00:56:46.650 --> 00:56:49.222 I hope everyone had lunch, but thank you all.

NOTE Confidence: 0.922228683333333

00:56:49.222 --> 00:56:50.787 You are an amazing group.

NOTE Confidence: 0.922228683333333

00:56:50.790 --> 00:56:52.330 We are very large.

NOTE Confidence: 0.922228683333333

00:56:52.330 --> 00:56:55.010 We are strong and I want you to

NOTE Confidence: 0.922228683333333

00:56:55.010 --> 00:56:57.215 acknowledge yourself and I want to thank

NOTE Confidence: 0.922228683333333

00:56:57.215 --> 00:56:59.695 each and everyone of you for making this.

NOTE Confidence: 0.922228683333333

00:56:59.700 --> 00:57:01.770 You know for coming through the

NOTE Confidence: 0.922228683333333

00:57:01.770 --> 00:57:03.150 pandemic and containing growth.

NOTE Confidence: 0.922228683333333

00:57:03.150 --> 00:57:04.305 Thank you everybody.

NOTE Confidence: 0.922228683333333

00:57:04.305 --> 00:57:07.000 Have a great rest of the day.
